ANYONE FOR QUEEN? YES, HERE ARE FIVE

These five Redwood High School coeds were nominated by members of the Giant football squad for "campus spirit queen." Students will vote on them tomorrow. The girl receiving the highest vote will be crowned as queen at the Redwood-Tamalpais

High School football game Saturday night at College of Marin field. The five, all seniors, are (from left) Elizabeth Rodden of Belvedere, Sherry Peterson of Belvedere, Susan Bomberger of Kentfield, Joan Mooney of Corte Madera and Sandy Anderson of Larkspur. (Independent-Journal photo)

Mill Valley Eatery, Motel Project Told

Plans for a more than two-million-dollar restaurant and motel development for Mill Valley shaped up today as a Peninsula development firm prepared to go before the Mill Valley Planning Commission with zoning requests on the Enchanted Knolls peninsula.

Britain Backs French Plan For A-Testing

UNITED NATIONS, N.Y. (UPI)—Britain gave its support today to French plans to hold nuclear tests in the Sahara Desert next spring.

Against a storm of protest from the Arab countries, fearful of radioactive fallout from the planned tests in the desolate "Desert of Thirst" in Algeria, British Minister of State David Ormsby-Gore said Britain was satisfied with the safety precautions France has set up.

The United States has taken no position on the Sahara blasts, but French sources said they counted on Washington's support as well.

"An atomic test of the magnitude described by Mr. (French Delegate Jules) Moch, conducted in the Sahara with precautions will not damage the health of the peoples of the African states," Ormsby-Gore said.

He said Britain found at its Australian test site that radioactivity decreased sharply with distance.

"In Australia," Ormsby-Gore said, "the nearest town was only 62 miles from the testing site. The French site is 75 miles from the nearest inhabited oasis."

Liberian Ambassador Henry Ford Cooper, however, expressed fear that the Sahara atomic test would bring further explosions.

ern Marin Realty said his firm has been negotiating with the Aspen Corp of Palo Alto, which wants to build the project, and the Seahaven Corp., developer of Enchanted Knolls, which owns the property.

Prospective sale price of the property has not been disclosed, but Newton said if a restaurant and motel is developed it would mean more than a one-and one-half-million-dollar expenditure.

The matter came to light as the Mill Valley Planning Commission scheduled for its meeting at 7 p.m. Tuesday consideration of petitions asking rezoning of the area from multiple residential to straight residential. The petitions have been presented by property owners.

Newton said he advised his clients, and won their approval for a representation at the meeting to discuss the rezoning of the property where the restaurant would be located to limited commercial use.

He said the Aspen Corp. is interested in 15 acres and is thinking of buying 10 more in the general area for development as hillside apartments.

Newton said the matter is in escrow with a title company and in "its present form is an option to buy the property (15 acres) within 60 days."

He said a prominent Bay Area restaurateur is dickering for the restaurant lease.

SHE'D BETTER TRY ANOTHER KIND OF MEAT

Essayist Charles Lamb once wrote that man learned to eat pig by touching his finger to the accidentally burned hide of a porker and then licking the finger to reduce the pain.

Mrs. Robert H. Horn of 351 Linda way, Tamalpais Valley, just touches off the fire alarm.

Yesterday at 5:05 p.m. she noticed that the pork chop in her oven was blazing away and beyond the eating stage. She called firemen. But by the time they arrived, she had the fire out.

Last Sept. 25 at 5:09 p.m. she noticed the pork chop in her oven on fire and . . . Well, anyway dinner was ruined.

Carpenters Leave Jobs In 4 Counties

Some 15,000 carpenters walked off construction jobs in Marin and three other Bay Area counties today, according to a report from San Francisco this afternoon.

There was no indication in Marin how many men were involved and what jobs were struck. But a spokesman for the Associated General Contractors of Northern California, against which the walkout is directed, said "all major jobs" such as highways, big buildings and bridges would be affected.

Officials at the Central Labor Council in Marin said they knew of no construction tie-ups as of early afternoon today.

The Bay District Council of Carpenters called the walkout after the AGC refused to sign a master agreement negotiated last June with seven other employer associations, United Press International reported.

"We're not working for any non-signatory employer," council president Alfred Figone was quoted as saying by UPI.

Bus Line Suit Plaintiff Faces Perjury Count

A Novato woman, who sued Western Greyhound Lines for \$110,000 damages for injuries she claimed she suffered while getting off a bus, today faced a perjury charge for allegedly giving false information on the witness stand two weeks ago.

Dist. Atty. William O. Weissich filed a perjury complaint against Mrs. Shirley J. Wisener, who sued the bus company over an incident of Jan. 1, 1958.

She contended she suffered injuries to her spine, back, head and legs because the bus company was careless and negligent.

During a jury trial, which opened on Oct. 21 before Judge Richard M. Sims, sitting in Marin Superior Court, Mrs. Wisener testified that, before the bus accident, she had never had any back or headache trouble, blackouts or neck trouble.

Attorneys for Greyhound produced Veterans Administration records showing Mrs. Wisener claimed blackouts, headaches and backaches in 1954, and claimed she suffered the injuries in 1943 while working for the Marine Corps.

As soon as these facts were revealed, Mrs. Wisener's attorney, Jerome A. Duffy, asked for dismissal of the case. Judge Sims dismissed the jury and referred the case to the district attorney for investigation of possible perjury.

Weissich issued a warrant of arrest for Mrs. Wisener today. Conviction of perjury carries a maximum penalty of one to 14 years in prison.

Harbor Project Loan May Cost Larkspur More

Higher Interest Rate Likely For Funds From State

Larkspur's plans for development of a municipal yacht harbor moved into high gear last night, but the city's chance of obtaining a state loan at only 3 per cent interest appeared less hopeful than before.

The City Council passed a resolution applying to the state Division of Small Craft Harbors for a \$380,000 loan to build the proposed 155-berth harbor.

The unanimous vote followed approval of City Manager Ronald E. Piper's financial feasibility report on the ambitious marina project. Piper will present the report and loan application at the Nov. 16 meeting of the state Small Craft Harbors Commission in Oakland.

PREDICTS PROFIT

He told the city council that in 20 years, the period of loan repayment, the harbor should "not only pay for itself, but come up with a profit of some \$200,000."

The report, however, assumes that Larkspur would qualify for a loan at 3 per cent interest.

The possibility that interest may run to 4, 4½ or even 5 per cent was raised by Stanley M. Bala of the San Rafael engineering firm of Bala and Strandgaard, who prepared feasibility reports on Mill Valley's proposed municipal harbor.

DEplete FUNDS

Bala, who appeared at the council session as a spectator, produced a letter from H. G. Stevens, who resigned this week as chief of the Small Craft Harbors Division. It said the state agency anticipates that projects qualifying for loans by the Nov. 16 deadline "will nearly deplete the five million dollars made available from the special investment fund at 3 per cent interest."

"Accordingly," Stevens wrote, "applicants that expect to qualify for their loans after that date should compute their annual loan repayment costs at 4, 4½ and 5 per cent interest when estimating annual (harbor) expenses."

The letter said the additional 10 million dollars made available by passage of Proposition 4 at the 1958 general election will come from the sale of bonds, "and the interest rate on outstanding loan funds must of necessity cover whatever interest."

See LARKSPUR, page 6

More Time Sought To Study Net Depot Park Concession

The Marin County Board of Supervisors will be asked to delay the award of a contract to any concessionaire who may offer to set up business at the proposed public park at the Tiburon Naval Net Depot.

Members of the Marin County Parks and Recreation Commission, meeting yesterday in San Rafael, agreed that more time is needed to consider what type of concession should be allowed.

The supervisors are to open bids from concessionaires Nov. 17. Bidders are called upon to pay the county at least \$21,000 which could be used toward the purchase of the nine-acre parcel off Tiburon boulevard, now offered for sale to the county for \$41,000.

Commissioners agreed that

NBC Asks Laws On Quiz Rigging

Congress Urged To Make It U.S. Crime

WASHINGTON (P)—The National Broadcasting Co. called on Congress today to make it a federal crime to rig television quiz shows.

This position was taken before a House subcommittee by NBC president Robert E. Kintner.

He said NBC was just as much deceived as the public in the current quiz show scandals. He insisted, as the networks have previously, that NBC had no knowledge the shows had been fixed.

"If we had known we would have stopped it," Kintner told the House Legislative Oversight Subcommittee.

Earlier today, the Columbia Broadcasting System was accused of not moving promptly to investigate reports of TV quiz show rigging.

The accusation was made by George Abrams, a former vice president of Revlon, Inc., sponsor of the now defunct shows, "\$64,000 Question" and "\$64,000 Challenge," in testimony before the House Legislative Oversight Subcommittee.

Abrams testified under oath that two cases of alleged quiz show fixing were brought to the attention of CBS "and nothing happened."

Abrams first alluded to "a whitewash," but quickly added: "Maybe that's a severe term. They were dragging their feet."

Jury To Decide On Perjury In TV Probe

NEW YORK (P)—Manhattan Dist. Atty. Frank S. Hogan said today a grand jury will be asked to decide what to do about persons believed to have lied in a grand jury investigation of television quiz show rigging.

He indicated he thought about 100 told outright falsehoods. He named no names.

However, Charles Van Doren admitted at a congressional hearing this week that he lied to the New York grand jury.

Shortly before the Washington inquiry got under way, Van Doren appeared at Hogan's office and asked to make changes in his previous statements.

So did some others, and Hogan said he expected a great many more to do so.

Hogan did not indicate whether he would make any recommendations to the grand jury in any case.

GETS POWERFUL HERCULES

Cronkhite Base Joins Atomic Missile Chain

Ft. Cronkhite on the Marin coast has been equipped with Nike Hercules missiles to complete a line of 14 Army Air Defense stations combat-ready with the atomic thunderbolts from Mexico to Canada, 6th Region Army Air Defense Command at Ft. Baker disclosed today.

Cronkhite is the fourteenth site on the Pacific Coast to receive sufficient supplies of the nation's most powerful anti-aircraft missiles to be ready to strike back at any invader, said Maj. Gen. E. J. McGaw, 6th Region commander.

"And when we say we're combat-ready," added a spokesman at General McGaw's headquarters, "we mean we're ready with a re-supply—not just one or two missiles."

Four of Marin's Nike sites are included in the chain having the Hercules, the Air Defense announced. The fifth, Angel Island, will remain equipped with the non-atomic Nike Ajax "for the time being."

This means that beneath the hills at Santa Venetia, Ft. Barry, Ft. Baker and Ft. Cronkhite are stored explosives more powerful than any known in past wars and with capabilities undreamed of a few years ago.

General McGaw listed some of those capabilities: The Hercules can destroy not only single aircraft, "but entire formations of enemy planes."

It has high-altitude capability far beyond that of any other air defense weapon—more than 28 miles high.

It has destroyed targets flying at more than 1,800 miles per hour at altitudes from 1,000 feet to more than 150,000 feet.

"In fact," said the general, "the full altitude capability of Hercules has never been tested because of a lack of suitable targets."

It has a ground-to-air range of 75 miles. And it can be fired also as a ground-to-ground missile, with a 100-mile range in this role.

In its tests to date, Hercules has scored 85 per cent kills on targets all the way to a "Pogo-type" parachute target at 150,000 feet altitude.

Marinite Indicted In Moonshine Case

Nello Ragghianti, 38, of 49 Bretano way, Greenbrae, arrested Oct. 8, when 175 gallons of alleged bootleg whiskey was found aging in the basement of his home, was indicted yesterday by a federal grand jury in San Francisco.

Also indicted in the case was John A. Powell, San Francisco bartender, in whose truck a still was found.

Both men are free on \$1,000 bond.

Ragghianti, the father of four, owns the San Remo restaurant in San Francisco. He is charged with possession of untaxed liquor.

WORLD'S OLDEST SLENDERIZING SYSTEM

25 YEARS EXPERIENCE

Council Tries Vainly To Iron Out Feud

The hill folk are feudin' up in Scott Highlands, and the Mill Valley City Council tried futilely for an hour last night to negotiate a cease-fire.

The feud is over a couple of variances granted by the Mill Valley Planning Commission to Dr. Albert G. Stoltz for a garage he wants to add to his home at 15 Heather way. Involved are front and side setbacks.

PLANNERS APPROVE

The planning commission approved both setbacks by 3-2 vote, with two members absent. The voting seemed to run the other way in Scott Highlands, judging from a petition of protest bearing 18 signatures which was presented to the city council.

It seems there are restrictive covenants governing Scott Highlands property. Any buyer must subscribe to them. Set up to see that he does is the architectural committee of the Highlands Assn.

COMMITTEE VIEW

Although the city planners approved the variances for Dr. Stoltz's garage (which he said was to cost \$8,000), the Highlands Assn. committee very definitely did not. Harry Perlis of 17 Glen drive, its chairman, made that plain to the council. The committee felt Stoltz could alter his plans so that no variance would be necessary, said Perlis.

More emotional about the matter was Wilbur M. Allis, Stoltz's next-door neighbor at 19 Heather way, who wrote a three-page single-spaced typewritten letter to the council and appeared in person. He said the four-foot sideline variance granted Stoltz would create an alleyway between their two houses. The real estate firm that holds his mortgage told him it plans to look very carefully at future Scott Highlands loans if variances are to be granted there, he reported.

Councilman Peter H. Behr urged at length and with great tact that Stoltz, just to be neighborly, should try to alter

his plans to eliminate at least the front setback variance. Otherwise, said Behr, he might find he had "won a Pyrrhic victory."

Mayor Robert D. Huber added his urging. But Dr. Stoltz gave no indication of intending to change the plans.

There was nothing the council could do about it. The city's ordinance does not provide for appeal to the council of a variance granted by the planning commission.

City Atty. Thomas C. Nelson advised City Manager A. E. Almerants he would have to authorize issuance of a building permit. As for the Highlands Assn., said Nelson, it could go to court if it wanted to try to enforce its covenants. Perlis indicated it may do just that.

After the feuding parties had left—carefully not speaking to each other—Councilman Joseph E. Sheeks had a few words to say about the planning commission.

"I'm shocked at the planning commission action in this Stoltz case," said Sheeks. "If there is anyone in this city who should be holding up these restrictions, it is the planning commission. . . . If they won't, where are we to turn?"

"I agree with you completely," said Councilman Behr.

"I, too," said Councilman Elizabeth Rodman.

TO AID FARMERS—Phil Talamantes of Petaluma has been appointed to the farm department of the First National Bank in San Rafael. Talamantes was associated with Tomasini Hardware in Petaluma for 32 years and has been office manager of Arolo Dairy Supply there the past two and one-half years.

Sinsyuku is the name of the street in Tokyo which corresponds to New York's Broadway as the center of theaters and night clubs.

GIRLS TOPS IN NOVATO HIGH SCHOLARSHIP

Girls are twice as smart as boys, according to the results of the first report card period honor roll released at Novato High School.

Fifty-two students made the roll by receiving no grade less than "B." There were more than twice as many girls as boys—37 to 15.

Juniors topped the list of classes with 16 qualifying students. In other classes, those qualifying were: 13 seniors, 11 sophomores and 12 freshmen.

DOUBLE HAZARD

Tam High Traffic Problem Irks Council

The governing body of Mill Valley will put it up to the governing body of Tamalpais High School students to do a little police work.

That was the unanimous decision of the Mill Valley City Council last night after discussion of complaints about the traffic hazard caused by Tam high students walking across Miller avenue at the height of the morning commuter rush—

and doing it with no regard for approaching cars.

Supt. Chester G. Carlisle of the high school district had written the council expressing concern about the hazard to the students. The Mill Valley Commuters Club had written about the double hazard—to the students and to commuters fast becoming late for work in San Francisco.

City Manager A. E. Al-

merants reported he had met with Superintendent Carlisle and Wallace Hayes of the high school district board. Someone had suggested traffic lights, but they wouldn't help, he said. The high schoolers would cross regardless. The same went for stop signs. Almerants said he had suggested the student government be approached to see if it could be of assistance.

Exploded City Councilman Peter H. Behr:

"This is a problem where they (the high school) should clean house, and they are unwilling to accept the responsibility. . . . Even the children at the elementary schools are able to police themselves crossing the street. . . . These high school students are supposed to be

under the discipline of the people who are being paid—and we have to suggest to Mr. Carlisle that he approach the student government!"

Heartily agreeing, Mayor Robert D. Huber suggested: "Why can't we write a letter direct to the student government? . . . Let's put it right in their lap, without going through channels up above."

The council promptly endorsed the idea. City Manager Almerants was told to dispatch the letter.

Northeastern New Guinea, an area of 69,700 square miles in the South Pacific, is Australian Trust Territory. It was formerly called Kaiser Wilhelm's Land.

GEORGE A. ROBINSON
Certified Hearing Aid Audiologist
HOW TO CHOOSE A HEARING AID

Every week we meet people who are undecided and confused in what they shall consider in the selection of a hearing aid.

FIRST, consult your family physician. He will examine your ears for wax and foreign particles. He will use his judgement in referring you to an ear physician or a reputable hearing aid consultant, or both.

SECOND, with the help of your physician select a hearing aid consultant in whom you have confidence. You will want to select some one who has an established office and represents a reputable manufacturer, one who has been in business at least 10 years.

We at MAICO pride ourselves on the completeness of our audiometric and speech evaluation of your hearing problem, and if your doctor requests it will send a report of our study to him.

If we cannot help you, we will tell you so; we sell HEARING not just a hearing aid. Come in and see us. It will be our pleasure to serve you.

Office hours 10 A.M.-5 P.M. Thursday and Friday. Other times by appointment.

CORTE MADERA SHOPPING CENTER

Yule Shoppers To Get Parking Time Break

Christmas shoppers in Mill Valley will be allowed to over-park without getting court tickets—if they don't overdo it.

The Mill Valley City Council by a 4-1 vote last night gave

somewhat hedged consent to a "free overparking" proposal of the junior chamber of commerce.

Jack Lentz, junior chamber president, urged adoption of the plan with such eloquence that he won over all but one council member—though several had suggested a "go slow" approach after hearing the proposal. The one holdout, who insisted the council should first know details of how the policing will work out, was Mrs. Elizabeth Rodman.

Here's how the plan will work, as outlined by Lentz:

When a car is found over-parked, the meter-checking policeman will place a card under the windshield wiper. The card will tell the motorist he (or she) is being given 12 minutes' "free grace period" beyond the meter time, courtesy of Mill Valley merchants and the junior chamber of commerce.

However, if the officer returns after 12 minutes or more and finds the car still over-parked, he will write out the customary ticket.

JAYCEES TO PAY

The tickets, numbered, will be provided by the junior chamber. The police department will keep track of how many of them are placed on cars. The jaycees will pay the city one cent—the cost of 12 minutes' parking—for each.

"Would anybody who intended to park less than 12 minutes put any money in the meter with such a plan?" demanded Councilman Peter H. Behr.

They probably don't anyhow, replied Lentz, who insisted a similar scheme has been worked successfully in other cities.

TWO PROBLEMS

Mrs. Rodman pointed out a couple of difficulties: (1) the patrolman probably doesn't return in 12 minutes, and (2) allowing parking beyond one hour is contrary to city ordinance.

The junior chamber seeks only a 60-day trial of the plan, said Lentz. If permanent adoption is considered, the ordinance could be amended.

The council gave its 4-1 approval "subject to working out details satisfactory with the city manager and police chief."

Dinner Honors Bolinas Couple

Mr. and Mrs. John A. Vierra, who have lived on a dairy ranch on Highway 1 near Bolinas since 1912, celebrated their golden wedding last Saturday with a buffet dinner for family and friends.

The couple married in Santa Clara.

The couple's two sons and two daughters, along with their families, were among those present for the anniversary dinner. They are John S. Vierra of Novato, Joseph Vierra of Sebastopol, Mrs. Mary Baptista of Petaluma, and Mrs. Harry Merrill of Maryland.

Some 60 friends called on the couple in the afternoon to congratulate them. The Vierra home was decorated in gold and white. Their grandchildren gave the Vierras a three-tiered anniversary cake, and a second cake was presented by Nunes and Avilla.

Episcopal Dean Nominated Here

Rev. David Murray Hammond, rector of the Church of Our Saviour in Mill Valley, has been nominated Episcopal dean of Marin by the church's convocation.

Rev. Hammond, son of Rev. and Mrs. Stephen R. Hammond, who preceded him at the Mill Valley church, has been rector at Church of Our Saviour since January, 1957.

Rev. Hammond was graduated from the Episcopal Theological School of Cambridge, Mass., and served in the diocese of Southern California before coming to Mill Valley. His brothers, Fred, Reid and the late Keith Hammond, all became Episcopal ministers too.

Fairfax School Library To Open

A new library will open tomorrow at 10 a.m. at Fairfax Central School, coinciding with National Children's Book Week.

The library will open in room 4 on alternate Fridays from 10 a.m. to 2 p.m., staffed by Parent-Teacher Assn. mothers.

The books, ranging from classics to modern volumes, have been selected from approved lists by the faculty and financed from proceeds of hot dog lunches held over the past two years by the P.T.A.

The P.T.A. also plans to budget funds regularly to buy more books for the library.

His Friends Are Rats

OKMULGEE, Okla. (AP)—White rats are helping put Don Trees, electronics student, through college. He sells them to pet shops and medical laboratories.

San Rafael Pharmacy Being Sold

Sale of stock and fixtures of the Oldham Pharmacy, Fourth street and Loutens place, San Rafael, to Bernard D. Kaplan of Corte Madera has been announced.

The owner, Otto Oldham of San Rafael, who has operated the pharmacy for 23 years at that location, will retire, closing the business.

Kaplan is owner of the Corte Madera Pharmacy and a co-owner of the Terra Linda Pharmacy. He plans to use the stock from Oldham's for his expanding business.

San Rafael attorney Julius Selinger is transacting the sale of stock to Kaplan.

The pharmacy was vacated several days ago because the lease had expired. Dr. Rafael G. Dufficy Jr. is trustee of the estate which owns the Fourth street property.

The Great Buddhist Shrine is an elaborate monument carved from volcanic lava and stands 150 feet high on the island of Java.

Lovell Ave. Sewer Job May Cost Less

Mill Valley's Lovell Avenue Sewer Assessment District will go ahead, but its cost may be reduced by eliminating a portion of elevated line.

By a somewhat complicated legalistic maneuver, the Mill Valley City Council last night awarded a contract for the job, but instructed the city manager to withhold signature for not more than two weeks while attempts are made to negotiate a shorter route for the line.

The action was taken despite a petition of protest against the cost, signed by seven of the 11 affected property owners, and a personal protest from an eighth.

Low bidder winning the contract was J. F. Caldwell of Mill Valley at \$12,515. Five other bids ranged upward to \$16,825.

The protest petition was drafted by William A. Millis of 380 Lovell avenue, who with others, also spoke in protest. It attacked the cost on several basis. Principally it objected to cast iron instead of clay pipe ("a Cadillac job," Millis called it) and the elevated portion instead of a sewer on an easement through property of Alex Arguello at 365 Lovell avenue.

The council, on motion of Councilman Peter H. Behr, voted to contribute \$400 as the estimated difference between the cost of cast iron and clay pipe. And the city engineer and attorney were instructed to "try to seek an easement from Arguello, with signing of the contract held up meanwhile. Arguello is in Mexico but expect-

ed back in a week, his wife told the council. A two-week limit was placed on the delay for negotiation.

The council opened its meeting with a tribute by Mayor Robert D. Huber to Larry Lovett, Independent-Journal Southern Marin reporter who died of a heart attack Oct. 25. It adjourned, after midnight, in memory of Lovett.

Also at the lengthy meeting: 1. The council unanimously rejected an appeal by Herbert Shapiro of a planning commission turn-down of his proposal to resubdivide into two parcels property which was put together in one parcel two years ago ostensibly to meet parking requirements for his Herb's Chevrolet.

2. Authorized City Engineer Albert H. Siemer to have the Roque Moras, turnout filled and given a temporary coat of oil and gravel, rather than attempt permanent improvements now. Siemer estimated the cost at \$1,200.

3. Hearing on an application to rezone 1.27 acres northeast of the East Blithedale avenue extension from single family dwelling to commercial was set for Nov. 18.

4. City Manager A. E. Almcraus was asked to have members of the planning commission present Nov. 18 to discuss subdivision ordinance amendments proposed by a committee of the planners.

5. Almcraus was authorized to call for his bids on a new police car.

6. Temporary employment of Rudolph Clausen to manage the kitchen and dining room of the Mill Valley Golf Club was authorized. The present manager, Jack Nadler, has resigned effective Nov. 15.

7. A petition was received from the Sutton Manor Improvement Assn. asking correction of a hazardous ditch and pools of water near East Blithedale avenue and Dr. St. lane. Almcraus said the ditch is outside the city limits. The council approved payment of \$10,278 in payroll warrants and \$9,908.65 in other warrants.

DR. WILLIAM V. SHYNE
Still sought by police

Pill Case Dentist's Ex-Aide Held

FREMONT — The former dental assistant of Dr. William V. Shyne was arrested yesterday and charged with helping to hand out candy-coated purgatives to youngsters on Halloween.

Hazel Engelby, 34, was specifically charged with outraging public decency and unlawful dispensation of drugs. She denied the charges when she was booked at nearby Santa Rita.

Shyne, 40, is still sought on identical charges, which came about after the pills were placed in the trick-or-treat bags of at least 16 children Saturday night. Some of the children vomited; others came down with diarrhea.

Miss Engelby is an employee of the Veterans Hospital at Livermore. Inspector Lee Rie- man, who signed the complaint against her, said she was traced Tuesday night when she went to Shyne's home.

CITY FOUNDER WILL NOT BE DISINTERRED

SAN DIEGO — The bones of Sam Brannan will continue to lie in San Diego's Mt. Hope Cemetery.

This was the word from Miss Ivy Loeber, president of the Napa County Historical Society, here on a speaking visit.

"We have decided finally and definitely that San Diego is entitled to Sam's remains," she said.

There had been a proposal to take his body to Calistoga, which he founded, in connection with that city's 100th anniversary.

Drake High Honor Groups Elect

Sandy Berke has been elected president of California Scholarship Federation at Sir Francis Drake High School.

Boundary Hearing Set Tomorrow On Marinwood Services District

The first step toward forming a Marinwood Community Services District will be taken tomorrow when the county boundary commission reviews the proposed district area at 10 a.m.

"The purpose of the district is to enable us to go ahead and develop and build on our recreational land," Wendell B. Freeman, president of the Marinwood Assn., said today. The Marinwood Assn. has sponsored the move toward formation of the district, with "100 per cent cooperation from the community," according to Freeman.

After the boundaries commission investigates the proposed area for possible overlap of tax districts leading to future legal tangles, a petition to form the district must be circulated, he said. Such a petition must be signed by 10 per cent of the number of persons in the district who voted in the last gubernatorial election.

Then the petition must be

filed with the Marin County Board of Supervisors requesting the district be formed. The supervisors must set a public hearing and may review the proposed boundaries.

Freeman said the boundaries proposed by Marinwood residents are Highway 101 on the east, Lucas Valley road on the south, the county farm and hospital on the west and the top of the ridge on the north.

The supervisors, after their hearing, will set an election at which the community will vote. If a simple majority favors the district, it will be formed. The same ballot will include candidates for a five-man district board.

"If we can get the thing to the state office in Sacramento by Feb. 1, we can collect taxes for the fiscal year, July 1, 1960, through July 1, 1961, giving us the money by December, 1960," Freeman said. "It will be a race."

He estimated that it would be about a month before the

matter will get to the supervisors, if petitions begin circulating next week.

The idea to form a district was hatched after the Marinwood Assn. and the Home and School Club had heard speakers and studied the possibilities open to developing recreational and other community facilities.

"Things that definitely will be needed are parks, fire protection and street lights," Freeman said. "The district will have to decide what else the area wants and when."

"We are going right ahead after the recreational land definition by the board of supervisors Tuesday, because you can't expect a developer to hold land forever and also we need the facilities," he said.

Theodore Roosevelt, before he became President, bought a couple of ranches in North Dakota. He was promptly named a deputy sheriff of Billings County.

Car Skids, Flips Over; 2 Girls Hurt

Two Sacramento girls escaped serious injury yesterday when their small foreign car skidded on a curve and flipped over on Pierce Point road near the McClure ranch north of Inverness, the California Highway Patrol reported.

Sharon Reimel, 17, was taken to Marin General Hospital where she was admitted for treatment of cuts on the lip and neck. She was reported in good condition today.

Maxine Baltz, 17, driver of the car, was treated at the same hospital for bruises and scratches on the face.

Miss Baltz told the Highway Patrol she was traveling about 40 miles per hour when the accident happened.

School Conferences

Novato Unified School District teachers will begin holding individual parent-teacher conferences Monday, Supt. William J. J. Smith announced today. The conferences will continue through Nov. 20.

A BRICK AND A SHINGLE FOR HOSPITAL WING

Dr. John C. Siemens, administrator of Ross General Hospital, prepares to toss an old brick and a shingle into wet cement which will form cornerstone of 26-bed, \$250,000 addition to the hospital. William D. Fusselman, county supervisor, gives a hand with the shovel. Looking on are (from left) Jack Hermann, architect; Dr. Joseph

Alderson, member of the hospital's board of directors; Dr. William Galeno and Thomas Plant, contractor. The brick and shingle were once a part of the former home of Dr. Arthur Ritter, previous owner of the hospital, on the site of which the addition is rising. (Independent-Journal photo)

Novato Council Hopefuls To Get Briefing

Prospective candidates for five Novato City Council seats will be briefed on the duties and responsibilities of office by San Rafael Mayor John F. McInnis and Pacifica City Councilman Gerry Schumacher in the Novato High School cafeteria tonight at 8.

The public meeting, sponsored by the Novato Home Committee, is the first step in an educational campaign for potential candidates planned by the committee.

PROSPECTS LISTED

Filing for council seats so far in the Jan. 12 election are William E. Loewen, Charles R. Johnson and Harvey J. Vicchio. Other Novato residents indicating their willingness to file after picking up filing papers at the chamber of commerce office include James Picchi, Robert Strockbine, Clarence Cook, Wayne Womack and John A. Felgenbauer.

Deadline for filing is noon on Nov. 19 in the office of the Marin County clerk. Nov. 19 is also the last day residents within the proposed city boundaries may register to vote in the election, which will decide whether Novato incorporates as Marin County's 10th city.

PAPERS AVAILABLE

Available at tonight's meeting will be filing papers as well as copies of a booklet of the proceedings of a mayors' and councilmen's institute held in San Diego last June. The booklet published by the California League of Cities, contains much information on municipal government.

Presiding at the meeting will be Clark M. Palmer Jr., chairman of the home rule committee. Palmer will receive questions from the floor following the speeches.

STOCKS TODAY

COMBINED AP & UPI
NEW YORK—Stocks moved irregularly on reduced volume today with the issues of the independent motors losing their snap. Volume for the day was estimated at 3,200,000 shares compared with 3,940,000 yesterday. American Motors was down about five after dropping seven and one-fourth to 88 on a block of 10,000 shares. Studebaker-Packard common and when-issued were off fractionally. Gains and losses of most key stocks were from fractions to about a point.

Reversion, in the harsh limelight of the television quiz investigation, weathered some strong selling pressure and reduced a loss of around three to a fraction.

(The following closing prices of representative New York stocks supplied by Irving Lundberg & Co., San Rafael, member, N.Y. Stock Exchange.)

MARIN FIRE CALLS

YESTERDAY:

1:19 p.m., Hamilton Air Force Base—Fire and ambulance equipment stood by while F101 Voodoo with control trouble landed safely.

5:05 p.m., Tamalpais Valley — Firemen arrived as fire from pork chop in oven at 331 Linda way was put out.

5:55 p.m., Novato—Smoldering incinerator checked out by Novato Fire Department at 789 Diablo avenue.

6:13 p.m., San Rafael—Gasoline leaking from a parked car at 1539 Fourth street washed away.

7:30 a.m., Hamilton Air Force Base—Fire and ambulance equipment stood by while C47 transport with missing fuel cap landed safely.

The Holland Tunnel, beneath the Hudson River connecting Manhattan and New Jersey, was named for its chief engineer, Clifford M. Holland.

Crash Hurts Mother, Son

A Corte Madera mother and son suffered minor injuries last night when their car was struck in the rear, went through a wire fence and plunged over an embankment on Highway 101 near the Marin City underpass, the California Highway Patrol reported.

Mrs. Gabrielle Claeys, 41, of 12 Crescent road was admitted to Marin General Hospital for treatment of a cut and bruised nose. She was reported in good condition today.

Her son, Gary, 2, was treated for a bruised forehead.

The driver of the second vehicle, Alfred W. Cherry, 42, of 292 Butterfield road, San Anselmo, escaped injury when his car hit a guard railing and turned over, the Highway Patrol reported.

Both cars were going north on Highway 101 when the accident happened. Cherry told the Highway Patrol a car passed him to the left and cut across in front of him.

Autopsy Discloses Cause Of Death Of Novato Woman

An autopsy performed by the Marin County coroner has indicated Mrs. May Dishman Flower, 51, of Novato, died of a bowel obstruction, the California Highway Patrol reported today.

But whether the death was the result of a natural cause or traumatic injury (in an accident) has not yet been determined, Capt. T. F. Parnow of the highway patrol said.

Mrs. Flower died Monday at a local hospital after abdominal surgery. She had suffered a broken knee and broken heel in a two-car accident Oct. 12.

A felony drunken driving charge was placed against T/Sgt. William A. Sleigh Jr., 29, of San Francisco, as a result of the crash. His car hit that

in which Mrs. Flower was a passenger. Captain Parnow said if the additional findings indicate the death was attributed to the accident, a manslaughter charge will have to be placed.

BIRTHS

GALICK—At Hillcrest Hospital, Petaluma, Nov. 2, to the wife of Frank Galick, San Anselmo, a daughter.

Trustees Review Marin City Child Care Center Policies

Trustees of the Sausalito School District last night reviewed district policies on Marin City child care center but delayed action until their regular meeting at 8 p.m. Monday.

Supt. Marcus Davis said the board asked that all policies be discussed be written down for a final review Monday. He said the policies concern recruiting and selection of personnel, establishing an X-ray schedule, the holding by each employee of a valid first aid certificate and the establishing of sick leave.

The board also discussed corporal punishment, and asked Davis to confer with district principals and come back with a recommendation from each school.

A similar request was made

of Davis concerning homework.

The board also:

1. Purchased a \$400 film projector for the Bayside School.

2. Discussed the possibility of getting the psychologist from the county schools office to appear in the district one more day each month.

3. Decided to apply for \$400 in federal mathematics and science funds, which if granted, would be matched by the district.

4. Held an executive session concerning a teacher who may have to leave work for health reasons, but learned a further report on her condition is due, and took no action.

Sammy Davis Jr., Dancer Engaged

TORONTO (UPI)—Entertainer Sammy Davis Jr. and honey-blonde Toronto dancer Joan Stuart informally announced their engagement last night, the Toronto Telegram said today.

The 21-year-old beauty is appearing in a Montreal night club. She revealed the romance started after the couple met when the cast of her night club show attended Davis' performance in a Montreal club recently.

Davis, 33, who is appearing at the Sands Hotel in Las Vegas, Nev., told the Telegram by phone, "We haven't set a date yet, but it won't be until after Christmas."

Bank Bag Containing Cash, Checks Stolen

A shoplifter stole a bank bag containing \$175 in checks and cash from Junior Esquire clothing store in San Rafael yesterday, the owner reported to San Rafael police.

John Varney Sr. said his son, Ronald R. Varney, left \$102 in checks and \$73 in cash in a bag on top of a desk in the rear of the store at 1414 Fourth street yesterday morning. About 2:30 p.m. Varney noticed the bag missing.

Patent Violation Claimed In Suit

H. Koch and Sons, Corte Madera plastic luggage manufacturer, is accused of patent infringement in a suit filed yesterday in U.S. District Court in San Francisco.

Complainant is Filon Plastics Co. of El Segundo, Los Angeles County. The firm alleges that Koch made and sold a fiber reinforced sheet material so similar in construction and appearance to Filon's patented material as to cause great confusion in the public's mind.

No amount of damages is specified in the suit.

Inspectors Elect

Karl Tober of Fairfax, Marin County electrical inspector, was elected president of the Northern California chapter of Electrical Inspectors at its meeting in San Leandro yesterday. Tober has served as vice president of the chapter this year.

Building Trade Jobs Decline

For the first time since early last spring, the building trades in Marin County are experiencing less than full employment. This was reported by delegates from building trades unions at last night's meeting of the Marin County Labor Council in San Rafael.

The employment picture continues generally bright, however, based on reports at the meeting, said Hugh Cassidy, Labor Council secretary. Omar McNally of the Machinists Union reported there is still a shortage of skilled machinists in the county.

Girls Win Shorthand Awards At Drake High

Barbara Crevier has been awarded a 100-word five-minute Gregg shorthand certificate at Sir Francis Drake High School. Carol Annes and Frances Miehl won 100-word awards for three minutes of dictation.

Shorthand instructor Miss Gwenmar Powell said it is unusual to have any 100-word winners this early in the year. Both first and second year students compete.

One Of A Kind

CHELMSFORD, Mass. (UPI)—Herbert L. French, 73, believes he is America's only wood inlay restorer.

Woods with which he works include coco bola, black ebony, yew, camphor, white holly and zebra. Some of the wood is only 1/100 of an inch thick.

Medal Presented To Navy Doctor Who Saved Diver

The Navy and Marine Corps Medal was presented today to a Navy doctor who last February spent two days in a decompression chamber to save the life of skin diver James E. French III of San Anselmo.

The medal, for meritorious conduct, was awarded to Capt. Albert Behnke Jr., now retired. Rear Adm. George L. Russell, 12th Naval District commandant, presented it in a ceremony at Hunters Point, where Captain Behnke voluntarily stayed inside the decompression chamber to work with young French.

The Marin youth suffered a severe attack of the "bends" when he surfaced too rapidly after descending 350 feet into the Pacific off Pt. Lobos to set a new skin-diving record.

French was on a Marin Skin Diving Club expedition at the time.

Captain Behnke is now director of the Life Span Institute at Monterey—near where French made the almost-fatal dive. It works closely with the University of California's Institute of Human Development.

What's A Football

NEW YORK (UPI)—Official NCAA football rules say that "the ball shall be a four-panel pebble-grained leather cover without corrugations other than for seams and lacing."

It also says that "a rubber-covered ball may be used by mutual agreement of the contesting teams."

NIXON VETOES WIFE'S CHOICE OF NECKTIES

LOS ANGELES (P)—When it comes to buying neckties for himself, Vice President Richard M. Nixon exercises a veto power over his wife.

"Too shiny for television," he said yesterday after examining several ties his wife picked for him in a Beverly Hills shop. He rejected most of them but finally bought six \$54.60.

LARKSPUR

Continued from page 1

terest rates result from the bond-selling service."

Stevens said it appears that requests will be made for "approximately eight million dollars more than are available for loan at this time." He warned that the commission will follow a strict policy of "first come, first served."

Bala told Larkspur councilmen the city's application may not receive commission consideration at the Nov. 16 meeting "because they (the commission's staff) won't have had time to review all the material."

Undaunted, the council decided to proceed with haste in pressing for approval of the application. Piper said the commission staff already is making an informal review of the Larkspur feasibility report.

San Rafael Fire Board Names Baar

City Councilman Louis H. Baar is the new chairman of the San Rafael Fire Commission, succeeding the late Councilman Joseph F. Sauer.

Baar was named last night at a meeting of the fire commission. The commission also appointed a committee of three to look for an appropriate firehouse site in the Terra Linda area. Committee members include Baar, Deputy Fire Chief Vance Trivett and City Manager Dan E. Andersen.

Two sites suggested thus far are on the south side of Freitas Parkway just east of the proposed Terra Linda Shopping Center, and on Los Ranchitos road just north of Hartzell School, across the street from Mt. Olivet Cemetery.

Three new firemen were recommended for appointment to the fire department. They are Irving Levenson, Leon Castagnoli, and George Egan. Starting pay would be \$410. The recommendation must be confirmed by the city council.

Duty Bound

BUFFALO, N.Y. (UPI)—Junior Fire Captain Jeremiah Sullivan learned there are times it is harder to sit at headquarters than to be at the scene of a fire. He spent some anxious moments while his company was out at a \$1,500 fire in Sullivan's home.

Appraisers Hear Talk On Effects Of Powerlines

The effect of powerline easements on residential property was explained to Northern California appraisers and their guests last night when the Society of Residential Appraisers met at the San Rafael Elks Club.

About 75 members and guests assembled for the monthly dinner meeting of the society, which meets yearly in Marin.

Speaking on severance damages in condemnation suits was Richard A. Clarke of San Rafael, who is an attorney in the legal department of the Pacific Gas and Electric Co. in San Francisco.

Clarke showed colored slides to illustrate his point that power lines with towers do not impair property values, even near fine homes. He urged the appraisers to find the effects on property values near power lines before appraising areas where new lines will go in.

Chairman of the dinner meeting was Edward Morphy of San Rafael.

Explosion Forces Space Plane Down

EDWARDS AIR FORCE BASE (P)—An explosion in the tail during a test flight of the X15 rocket ship forced pilot Scott Crossfield to dump his fuel and make a speedy emergency landing today.

Crossfield climbed from the tiny dart-like plane unaided. He was not injured.

YO HEAVE HO — GROUND BROKEN

Groundbreaking ceremonies for the Novato Plaza Shopping Center at Seventh street and Grant avenue yesterday were not lacking for strong arms to turn the first shovel. From left, kneeling are Lee Wise, president of the Novato Chamber of Commerce, William Gnos, county supervisor, and Ross Wright; standing are Walter R. Castro, chairman of the board of supervisors, Gerald G. Hoyt, developer of the 25-acre site, and Clark M. Palmer Jr., chairman of the Novato Home Rule Committee. First to go up at the site will be a service station and a supermarket, with a variety store and other businesses expected to follow. (Independent-Journal photo)

TV PROBE

Continued from page 1

CBS, was on call to testify later in the day.

Abrams testified the first protest reported to CBS came in March, 1958, from Arthur J. Cohn Jr., a contestant on "Challenge," that his opponent had been given a question in a warmup session that was later used on the air.

He said the second incident was the story told the next fall by the Tennessee minister, Rev. Charles E. Jackson, that he had been coached on actual questions and answers.

Nonetheless, the show stayed on the air, Abrams continued. One of the things which tended to reassure networks and sponsors, he testified, was a news survey which he said in effect cleared the shows.

Abrams described fixing of the "\$64,000" shows as an act of desperation to save them from plummeting viewer ratings.

Abrams indicated that Martin Revson, former executive vice president of Revlon, may not have been aware that the destiny of contestants was decided in meetings between producers and the sponsor.

Revson had declared emphatically earlier that Revlon, a cosmetics producer, had no idea that any hanky-panky was occurring on the big-money quiz programs.

However, Abrams, in a sworn statement introduced at the hearings, had a different story—as did the show producers.

An affidavit from Shirley

Bernstein, an associate producer of "The \$64,000 Challenge," supported earlier testimony of others associated with the shows that Revlon officials knew of and joined in the controls.

Miss Bernstein is the sister of Leonard Bernard Bernstein, director of the New York Philharmonic orchestra. Several contestants have named her as having provided them with answers to questions they later were asked on the show.

She testified she provided such answers about 20 per cent of the time, but said some shows were not tampered with at all.

Forest Park Directors Cancel Meet Tonight

The regular meeting of directors of the Forest Park Improvement Assn. scheduled for tonight has been cancelled, according to Mrs. Robert D. Hollaway, secretary.

In place of the directors' meeting, there will be a membership meeting of the association Monday at 8 p.m. at Lynwood School to discuss Christmas decorations and an evening of Christmas carol singing during the holidays.

They will visit Berlin, Munich, Hiedelberg and other areas with other United States Volkswagen dealers. Felton is San Rafael dealer for the little German car.

California Point Seeks Sewer Area Annexation

Shoreline residents of California Point, on the north side of Tiburon Peninsula, may try to solve their sewage disposal problems by annexing to Corte Madera Sanitary District.

This was indicated Tuesday night at a meeting of district directors.

Albert S. Giesecke and Eugene Mulligan appeared before the board to request information on legal steps required for annexation of unincorporated territory below Paradise drive, near Paradise Cay. Giesecke is president of the Paradise Property Owners Assn.

Shoreline properties in the area are unsuitable for septic tanks, nor can they be linked to a proposed Paradise drive pressure line without exorbitant expense to the land owners, Giesecke said.

The sanitary district proposes to run the Paradise drive line from Paradise Cay to the district's main system in Corte Madera. Property owners propose instead that a gravity flow line serving the entire area be installed along the shoreline.

The board told Giesecke and Mulligan it would be agreeable to the change if the land were annexed to the district and owners were willing to finance the difference in cost between a pressure line and a gravity line.

Any such financing plan, directors indicated, would have

Fraternity Pledge

Dan Webster, son of Mr. and Mrs. Merritt Webster, 30 Broadmoor avenue, San Anselmo, has been pledged to Alpha Tau Omega, national social fraternity, at Arizona State University, Tempe, where he is a freshman in the College of Business Administration.

to be approved by Pullman Building Co., Paradise Cay development firm, which is already committed to the cost of installing a pressure line. Paradise Cay was annexed to the district last summer.

Giesecke and Mulligan said the matter will be taken up next Tuesday at a meeting of the property owners association.

WHERE LAW OF THE JUNGLE DOESN'T APPLY

For the second straight year the law of the jungle is being flaunted at the Como Park Zoo in St. Paul, Minn., where two large alligators and 12 monkeys are sharing quarters. So far

—no fatalities. Zoo director John Fletcher says the only danger the monkeys run is that of being mistaken by a near-sighted 'gator for its regular ration of horse meat and fish. (AP Wirephoto)

Tiburon Recall Election Held Legal By Atty. Gen.

The state attorney general agrees that it will be legal for Tiburon Fire Protection District to hold an election Dec. 10 on recall of Commissioner Fred Mantegani, County Counsel Leland H. Jordan disclosed today.

The question had been raised because Mantegani was appointed in September, and state law provides that, in some mu-

nicipal and district offices, no recall movement may be initiated until an official has served at least six months.

Jordan had given the fire district the opinion that the six-month restriction does not apply to its board but he requested an opinion from the attorney general's office. It concurred with his own.

Builders In Mariners Cove To Conform On Setbacks

The Corte Madera Planning Commission, at a special meeting last night, withheld formal action on front yard setbacks for future waterfront homes in Mariners Cove.

Representatives of Billings-Hutchison Co. and Glendale Construction Co. indicated, however, they will bring the matter to a close by conforming with the 20-foot minimum setback required by the town zoning ordinance for one-family homes.

The town board of adjustments recently approved 15-foot front yard setbacks for the waterfront homes. Mayor

Roger F. Morse, acting as a private citizen, appealed the decision to the planners, arguing that no variance was warranted.

Commissioners last night agreed to hold the matter in abeyance, pending receipt of soils and cost reports. The commission's next regular meeting will be at 7:30 p.m. Monday in Corte Madera Town Hall.

Rotted Railing On Boat Blame In Sea Deaths

Rotted wood in the old converted tug Southerly, fishing out of Sausalito, was blamed today for the deaths of its owner and crewman.

Homicide Inspector Joseph Curtin of the San Francisco Police Department said investigation had shown that the stern railing of the craft collapsed, plummeting Clifford Miller of Daly City, the owner, and Norman Carpenter of San Francisco, his crewman, into the Pacific off the Farallones. The stern area was littered with "hunks of rotted wood," he said. There was no sign of a struggle.

Edward Vinson of San Leandro, taking his first trip to sea with the pair aboard the Southerly, awakened from a fitful sleep Tuesday morning to find the railing broken and Miller and Carpenter missing. He flashed a distress message which was picked up by the Coast Guard.

The body of Carpenter was found floating about a mile away. The body of Miller has not been recovered.

The boat operated out of Sausalito, fishing for S. J. (Lefty) Sturiale. Miller and Carpenter had gone fishing for cod when disaster overtook them.

Mountain View's City Hall Annex Burns To Ground

MOUNTAIN VIEW (AP)—An annex to Mountain View's city hall burned to the ground last night and irreplaceable records of the city planning commission were destroyed.

The main city hall structure, a brick building once used as a church, was not damaged. Flames whipped through the two-story frame structure and despite a quick response from Mountain View, Palo Alto and Los Altos fire departments, the firemen were unable to save the structure.

There were only minor injuries reported.

The blaze is under investigation.

Easement For Walkway To Redwood High Asked

The Larkspur City Council last night agreed to cooperate with Corte Madera in an effort to make Redwood High School more accessible to youngsters living in Madera Gardens.

At the request of the Corte Madera Town Council, Larkspur will petition the state Public Utilities Commission for a walkway easement over the Northwestern Pacific railroad tracks near the school.

The walkway, to be located within Larkspur, will be built by Corte Madera. It will provide a pedestrian link between Apache road in Madera Gardens and the William avenue approach to Redwood High.

At that point, the NWP tracks are 12 feet above street level, resting on an earth fill embankment. The embankment replaced a wooden trestle built many years ago.

For nearly an hour councilmen heard complaints that the city, in placing fill for Doherty drive and putting two culverts under the road, had drastically altered the drainage pattern in the vicinity of Henry C. Hall School.

Attorney Richard V. Bettini said the culverts will channel water from the lands of Larkspur Lumber Co. and Niven Orchid Co. into 16 acres of marshland owned by five of his clients. The company lands are south of Doherty drive and the marshland is immediately north of the road.

Bettini said it is unfair to make his clients, who hope someday to fill their land, bear the drainage water out to a slough from Corte Madera Creek. He proposed instead that the water be carried to the slough along a public drainage easement on the south side of Doherty drive. The newly built road provides access from Magnolia avenue to Hall School.

City Engineer John C. Oglesby took issue with Bettini, declaring, "We haven't diverted any water into the (marshland) area that shouldn't be there. . . . We have made no changes at all in the area's drainage basins."

The council asked Oglesby and City Manager Ronald E. Piper to confer with Bettini and report their conclusions at the next meeting, Dec. 2.

In other matters, the Larkspur council:

1. Directed City Atty. Samuel W. Gardner, not present last night, to take legal action against Charles Huff for maintaining his building at 300 Alexander avenue as a triplex. It is situated in a one-family residential zone.

2. Upheld the city planning commission by granting Crown Development Co. a variance for construction of a medical-dental building on the south side of Bon Air road, near the new Bon Air Bridge. The proposed site is a one-family residential district.

3. Passed a zoning ordinance amendment rezoning a parcel of land owned by Primo Pinotti at King, Myrtle and Hawthorne avenues for duplex use.

4. Set for 8 p.m. Dec. 2 a public hearing on proposed assessment revisions in the upper Ardmere Road Assessment District.

5. Heard a brief report by Piper on the proposed route for a Marin County rapid transit line, as it affects the city. Mayor Daniel Allen said there appear to be "No glaring objections as far as Larkspur is concerned." Piper agreed.

6. Appointed Mrs. Roger W. Barbey of 123 Pepper avenue to the Larkspur Recreation Commission. She succeeds Mrs. Mary Lou Campbell, resigned.

7. Continued to the Dec. 2 meeting a discussion of whether Emre deCota is legally entitled to use his ark, the Green Pastures, on boardwalk No. 1, as a three-family dwelling.

8. Accepted a portion of Sycamore avenue, between Olive and Park avenues, into the city street system.

9. Asked the planning commission to recommend building setback lines on either side of Doherty drive.

10. Approved warrants totaling \$29,409.14.

Baptists Warn On Catholic Candidates

CORPUS CHRISTI, Tex. (P)—The Baptist General Convention of Texas advised its 1,600,000 members to consider carefully before voting for a candidate who is a Roman Catholic.

The delegates approved a resolution asserting that the

STUDENTS RUN OUT ON EXAM

OKLAHOMA CITY (P)—Jack Boyd, Oklahoma City personnel director, hopes to find enough new questions to give promotion examinations for city firemen next week.

About 90 firemen were half way through the written quiz when a three alarm fire broke out at an oil and grease plant and they had to man their posts.

"Roman Church is both a religion and an ambitious political system aspiring to be a state."

The delegates also passed a resolution condemning racial prejudices.

The resolution on candidates said that "no person's religious affiliation per se should rule out his candidacy. Theoretically, a Roman Catholic has as much right to be elected to public office as anyone else. Practically, it must be remembered that the Catholic Church rejects as a 'shibboleth of doctrinaire secularism' the American doctrine of separation of church and state."

In race relations, said a resolution, Baptists have an "imperative from God to act and speak redemptively now." The "un-Christian indignities of the caste system long imposed on Negroes in this land are foreign to the spirit and teachings of our Lord."

ALERT SPECTATOR SAVES CITY OF MILL VALLEY SOME PAINT

The Mill Valley City Council acted with all due deliberation last night to correct a traffic hazard by outlawing left turns from two parking lots onto East Blithedale avenue during peak commuting hours.

It was the second time the council had discussed the left turn ban for East Blithedale exits from the Purity Store and Del's Liquor Store. The discussion, at some length, resulted in a motion by Councilman George W. Blackwell that signs be installed outlawing left turns between 7 and 9 a.m. and 4 to 6 p.m., except on Sundays and holidays.

Mayor Robert D. Huber called for the vote. And just then, a member of the sparse audience arose.

"Neither of those stores opens before 9 a.m." he remarked. "You might save yourself some paint by forgetting about the morning."

The red-faced councilmen hastily agreed to amend the motion, then passed the ban—effective from 4 to 6 p.m. only—unanimously.

Cat Set In Ways

BUDD LAKE, N. J. (P)—Viewing television and reading newspapers has become increasingly difficult for Mrs. John Bartholomae. Remi, her Siamese cat, disapproves.

"He'll stalk around the house pouting if I watch television," Mrs. Bartholomae says. "And

if I persist, he takes a swipe at me with his claw."

When she tries to read a newspaper, Remi jumps into her lap and settles himself on the paper, she says. But then Remi has a right to be rather set in his ways. He 20 years old which according to one theory, makes him 140 in cat years.

Jury Returns No Indictments In Lynch Case

POPLARVILLE, Miss. (UP)—The Pearl River County Grand Jury adjourned today without returning indictments in the Mack Charles Parker lynch case.

The lynch case was not mentioned in the jury's final report to Circuit Judge Sebe Dale. That means there will be no state action against the killers of Parker, a Negro truck driver who was dragged from his jail cell and shot to death last April 25 while awaiting trial on charges of raping a white woman.

The jury, in session since Monday, returned 17 indictments for other crimes but apparently did not call for evidence collected during the month-long investigation by the Federal Bureau of Investigation.

Death Closes Unusual Medical Case Of Leukemia-Stricken Marin Woman

Death has terminated the unusual medical case of a patient, who for two years was the subject of a major blood donation program by a Marin City church and who survived well beyond any previously known period for a person stricken with her deadly affliction.

The patient was Mrs. Christine Diane Twiggs, 23, of Marin City, niece of Rev. Jonathon Carroll Owens, minister of music at the First Baptist Church in Marin City.

Suffering from leukemia, or cancer of the blood, she survived for seven years with a greatly enlarged spleen until her death Oct. 27 at the U. S. Public Health Service Hospital in San Francisco.

By permission of the family, a postmortem examination is being made in hope of gaining further information to aid in combatting leukemia.

For months a large part of the hospital personnel was involved in the case, which received the special attention of Dr. Jonas Li, blood specialist from China who is the hospital's chief consultant in hematology.

Funeral services and burial will be conducted next Saturday morning in Merced, Mrs. Twiggs' former home.

The campaign to provide the blood needed for repeated transfusions for Mrs. Twiggs was headed by Rev. J. W. Harris, pastor of the First Baptist Church in Marin City, and Mrs. Willie M. Mack, a member of the congregation.

Survivors include her husband, Robert Twiggs of Phoenix; a brother, Von S. Oakry of Chico; her father, Ulysses S. Oakry of Chico; and her mother, Mrs. Emma Owens Oakry of Phoenix.

Snakes In The Garden

Marin is not overly cursed or blessed (depending on one's attitude) with snakes. Although we frankly doubt that the snake will ever replace the dog as man's best friend, we are informed that Californians are becoming more tolerant of snakes.

While we are not overly fond of the legless reptiles, we recognize that snakes are a valuable rodent control. Gopher snakes, for example, do away with enormous quantities of rats, mice, moles and gophers.

Gopher snakes are called bull snakes in the Mid-west. They are reported to

make excellent pets. A couple of these in your pocket or purse and you too can be the life of the party.

Some people have trouble distinguishing between the gopher snake and rattler. This is one question which has seldom bothered us. When we see a snake, we usually run as fast as we can, keep our distance and leave such problems for the scientific heroes to decide.

The coward's role is not a happy one, but we've never killed a gopher snake. Nor have we given temptation to a rattler. Until we can be sure, we will continue to make ourselves scarce.

HAL BOYLE'S COLUMN

Ole Clobberfoot The Cat Is As Graceful As A Disabled Buffalo

NEW YORK (AP) — One life time isn't long enough to get used to the ways of a cat.

It probably takes 18 lives—nine of yours and nine of the cat's.

My leading hobby right now is trying to get accustomed to the strange antics of a cat. As one who spent most of his years believing a dog was man's best buddy beyond himself, it was something of an ordeal of adjustment when a cat first came into my world to stay.

Where I live, the landlord doesn't mix dogs and kids, and if your kid wants a pet you have to choose between cats and parakeets. So our daughter said a cat it had to be, and this bundle of fur called Lady Dottie entered

our lives more than a year ago.

Since then I have had to change every idea I ever had about cats.

For example, I thought cats were ungrateful and selfish. I thought cats were silent and surefooted and moved about with the disembodied grace of a ghost.

Well, maybe some cats are all of these things, but not our cat, not our dear Lady Dottie, who is becoming better known in our household as "Ole Clobberfoot" or "Miss Hoofbeats."

Lady Dottie's ancestry stretches in an unbroken line from ancient Egypt to a nearby alley.

This cat is the pampered darling of six children on our

apartment floor, and half a dozen more in the building.

She will put up with absolutely any nonsense from a child.

BUT THE BIGGEST surprise I've had to get used to is in the manner of her moving. Sure-footed? Silent? Graceful? She has the grace of a disabled buffalo. She is as noiseless as an indoor hurricane.

If she ever caught a mouse, it would have to be a mouse that was deaf and tired and lame.

WHETHER SHE prowls by night or by day, Ole Clobberfoot manages to knock more things over than if we turned loose a whole kennel of playful great Danes.

A cat is wonderful, not for what you think it will be, but for what it becomes to you, and I guess the word for Ole Clobberfoot is indispensable.

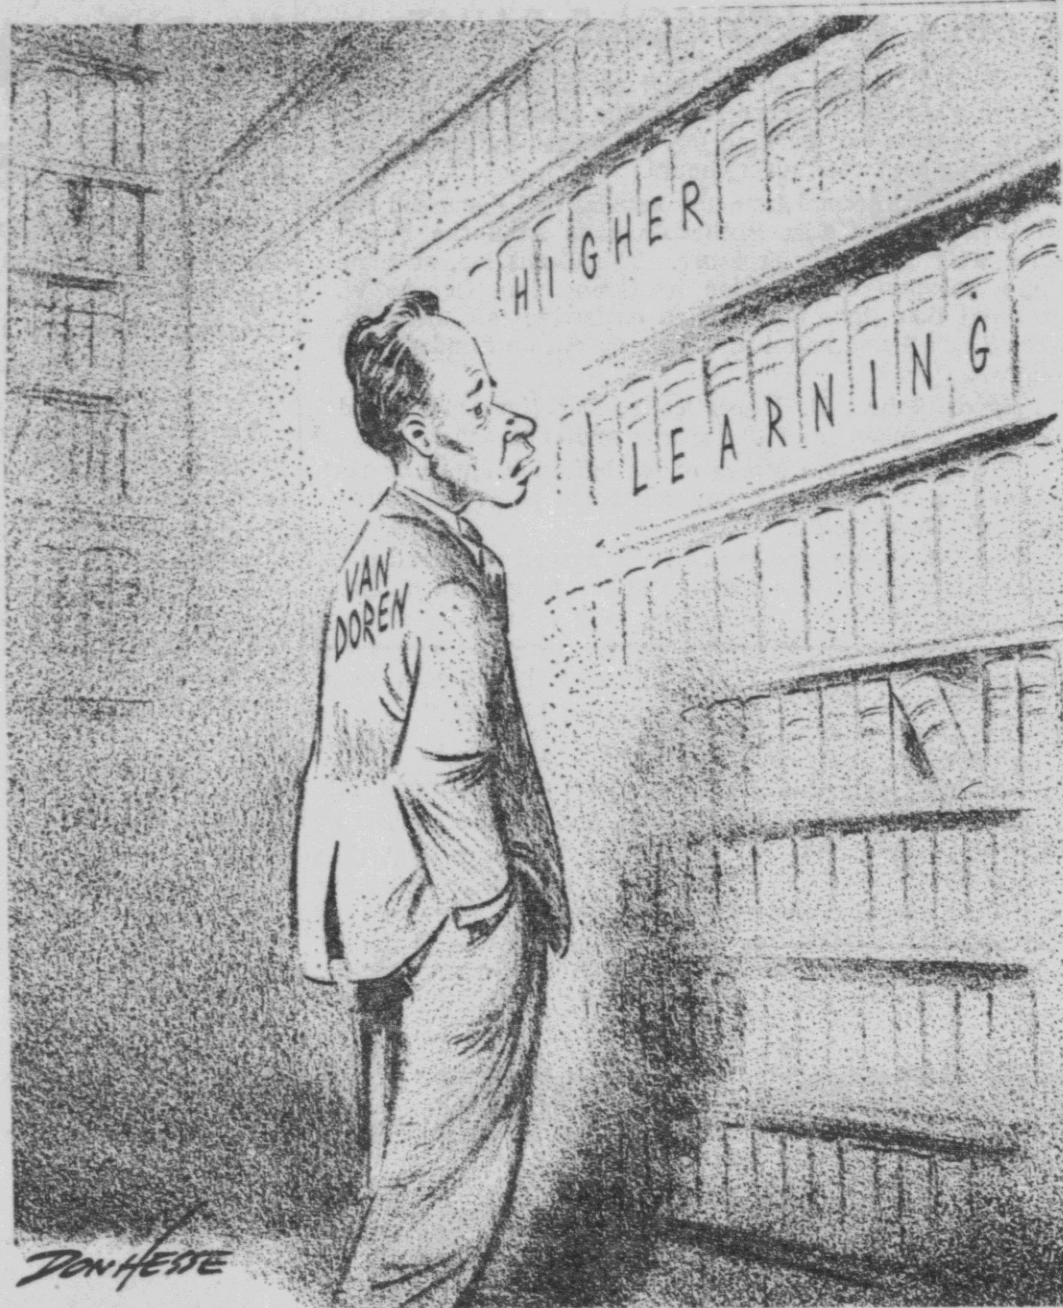

REMEMBER WHEN

10 YEARS AGO

Congested downtown traffic and parking problems, said Dr. Rafael Duffy Jr., had caused him to start erecting a \$30,000 medical building at Second and G streets, San Rafael, a spot declared "free of traffic congestion and providing ample parking space for patients."

Mill Valley residents were busy trying to fix in mind the fact that their new dial phones were tied in with a central office name DUnlap 8.

"How Could I Have Missed The One On Horse Sense?"

WHAT OUR READERS SAY

Chinese-American Behavior Best

EDITOR.

Independent-Journal:

I read in your paper that Chinese-Americans get into less trouble. I can tell you why they stay out of trouble.

As soon as a child is old enough to handle a pair of chop sticks, they are taught to respect their parents. The old tradition is to "honor thy father and thy mother." They are taught at home never to do anything to disgrace the family.

Young people may make mistakes, but it is kept quiet.

The family takes care of its own troubles. They are taught to mind their own business. They do not give information about their neighbors.

I could fill this paper with their home teachings. Don't forget, mothers, discipline begins at home.

Independent-Journal:

As contractors and friends, we would like to pay tribute

The Independent-Journal welcomes contributions to "What Our Readers Say." Letters must be signed and must not exceed 300 words in length. The editor reserves the right to delete malicious material.

Lester Ryan, the senior building inspector for Marin County, whose passing last Saturday is felt as a great loss by us and many others in the construction industry of this county.

Lester Ryan was not only a fine craftsman in the building trades and to the end, a serious student of new methods and techniques in construction, but was also a fine teacher to the great numbers of us who knew less than he did. He constantly went out of his way to be of help, not only to those of us who make our living in construction, but also to the home owner for whom we work.

It may certainly be said of Lester Ryan that he served as a building inspector without fear or favor. He loved Marin County and was an outstanding citizen of our county.

TRY AND STOP ME

BENNETT CERF

Joe Welch, the brilliant Massachusetts lawyer who achieved national fame at the Army-McCarthy hearings, told Editor Curtiss Anderson, "Storms never frighten me. My intellect tells me I could get hurt or even killed, but is there any more graceful, natural way to die than by a sudden, beautiful stroke of lightning coming down from the skies? And I'd rather be hit by a tornado than some hellish machine built by human beings. . . I guess you'd say I simply have an attitude about weather!"

To prove his point, Mr. Welch has filled his Cape Cod cottage with a wide variety of weather instruments, with which he plots in detail the pattern of "good nor'easter" gales.

REPORTER'S NOTEBOOK

By RANDALL GOULD

Biblical Garden Of Eden Was In Marin County And Here Is Proof

"WONDERFUL!" cried my wife, surveying the glory of Mill Valley by night from our ridgetop. She shifted appreciatively and added, "Smells good, too."

That is the lovely, startling, spectacular, yes wonderful, thing about women. Their senses sing. They are keen as chipmunks, canny as cats, appreciative as dogs.

If on occasion they also manifest the superciliousness of camels, the jabber of jays, the wisdom of Solomon and the memory-tenacity of the elephant (a much over-estimated creature, incidentally, especially when compared with women) — well, do you know anything better?

WOMEN HAVE been on my mind for some time (about the Biblical span, roughly) and I have felt that somebody sometime should set a precedent by writing about them.

Men are something about which I know little and care less. I'm a man myself, more or less and in a manner of speaking. Obviously of an uninteresting species, I have always wondered within my secret heart why women bothered to associate with us at all.

The answer is of course clear enough. There's no option.

It's like what happened in China back in 1949. You did not have to love the Communists to accept 'em. If you wanted a change from what was in power you took the Communists as they were the only other category that had survived.

IT DATES BACK to the Garden of Eden and I will here reveal my special secret theory that the Garden of Eden, contrary to a lot of uninformed expertise I can characterize only as diluted

hogwash, was Marin County. All the evidence is clear to the informed eye. We even have leaves, through not of the fig.

(Correction: City Editor Bryce Anderson says figs grow in Marin County. He doesn't make clear, however, whether they're eaten or worn.)

We have apples also. I used to carry one to the I-J each morning, and be the envy of all beholders as I later consumed it.

No more. Either it's true that there are calories in apples, as the book says, or my wife has been reading elsewhere. Anyhow, she cut off the apple supply and you can with a little trouble work out an answer from the Dead Sea Scrolls, no doubt.

It is my impression that Marin County has improved on the Garden of Eden in several respects. Many women are to be found here, every one of them good-looking, and they mostly use lip-stick.

"ADAM HAD 'EM" says the poem about fleas. But women he didn't have. Just A woman, though she was a new model as far as Adam was concerned. And whatever else Eve had, she had no lip-stick.

It is one of the solid facts of life that in women there are no new models, annual or otherwise. Just infinite variety not merely in many women, but especially in a single woman. The more you learn the more you don't know. That's the fact in Marin and everywhere.

If the Russian camera had gotten closer to the other side of the moon it might have brought back pictures of women. I doubt it, but could be.

They might have been some different kind of women.

But if so, by golly — they are not so good.

ROSCOE DRUMMOND

Public Soon May Demand Honesty In Candidate Quiz Performances

WASHINGTON — It seems to me there are two more things which need to be said about the TV quiz show scandals before Congress wraps up its remarkable effective investigation and says to the networks: Clean house, or else!

One is commendation. The other is a friendly warning to the politicians.

Dr. Frank Stanton, president of CBS, deserves to be commended for instantly sensing that the rigged performances — using deceit and deception to invade our homes — constituted a crisis of public confidence for the whole TV industry and for initiating beginning reforms.

Philip Cortney, chairman of the International Chamber of Commerce, deserves praise for taking a lead in focusing responsibility on business itself as the intended beneficiary of the quiz show racket and for urging all businessmen to join in a "Hands-Off-Entertainment Code."

DR. STANTON and Mr. Cortney know that the rigged quiz shows have been playing with fire which could burn up their most precious possession, public confidence. The networks will have nothing to sell and business nothing to buy if they alienate the audiences they most want to win.

Mr. Cortney, as president of Coty, Inc., is a businessman concerned with public attitudes toward selling practices and he makes this appeal: "We propose that businessmen who utilize television for their advertising adopt a Hands - Off - Entertainment Code. Government interference in entertainment is not the answer. Censorship is not the American way. Let the businessmen be concerned only with honestly selling their products and services. Let the networks and stations be responsible for the entertainment and editorial content."

Surely this is a policy which the networks would welcome. It places responsibility for reform where it belongs.

Most people seem to feel that the Congressional investigators have done a first-rate job, breaking through the saying-nothing-admit-nothing radiation belt with which some key witnesses surrounded themselves when appearing before the New York grand jury.

BUT AREN'T the politicians — or many of them — being just a little smug, even a little too light-hearted, in a premature way, at alerting millions of viewers to the fake spontaneity of rigged quiz shows? Isn't this going to alert millions of voters to the faked spontaneity of a lot of rigged campaign quiz shows?

Having persuaded the networks — and the viewers — that the entertainment quiz shows ought not to be surreptitiously rehearsed and the questioners furnished questions or answers or both in advance, isn't it just one short step away to persuading the voters that campaign quiz shows ought not to be surreptitiously rehearsed and that the candidates ought to give up enlisting tame supporters as their questioners and abandon their answer cards?

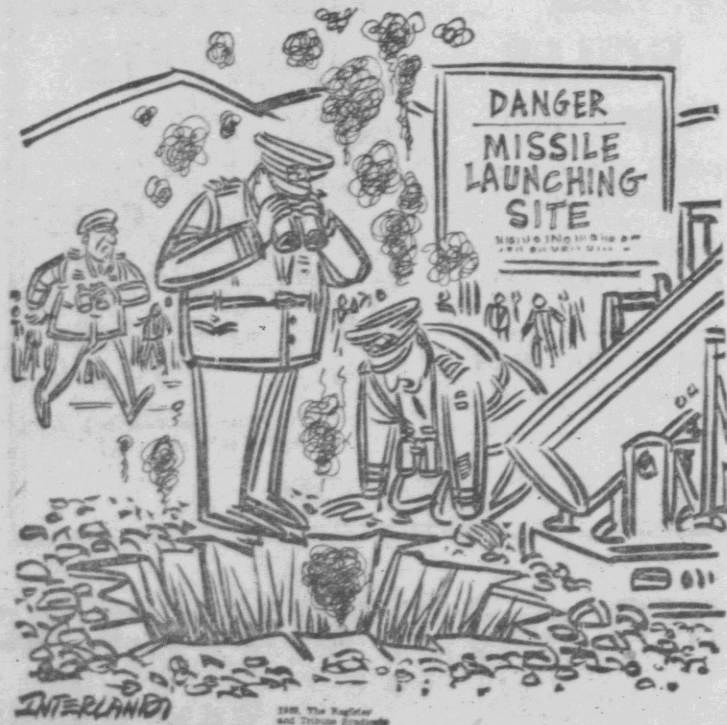

I am not referring to "Meet the Press," "Face the Nation," "Youth Wants to Know" and other such press conferences which have always been on the level. I am not suggesting that there are no candidates for public office who are able to handle close questioning off the cuff. But there has been fanciful staged fakery in campaign quiz shows just as in the entertainment quiz shows and the purpose has been the same — to sell a product, the candidate

If the public is going to demand — and get — realism and honesty in the entertainment quiz performances, isn't the public soon likely to demand realism and honesty from the campaign quiz performances?

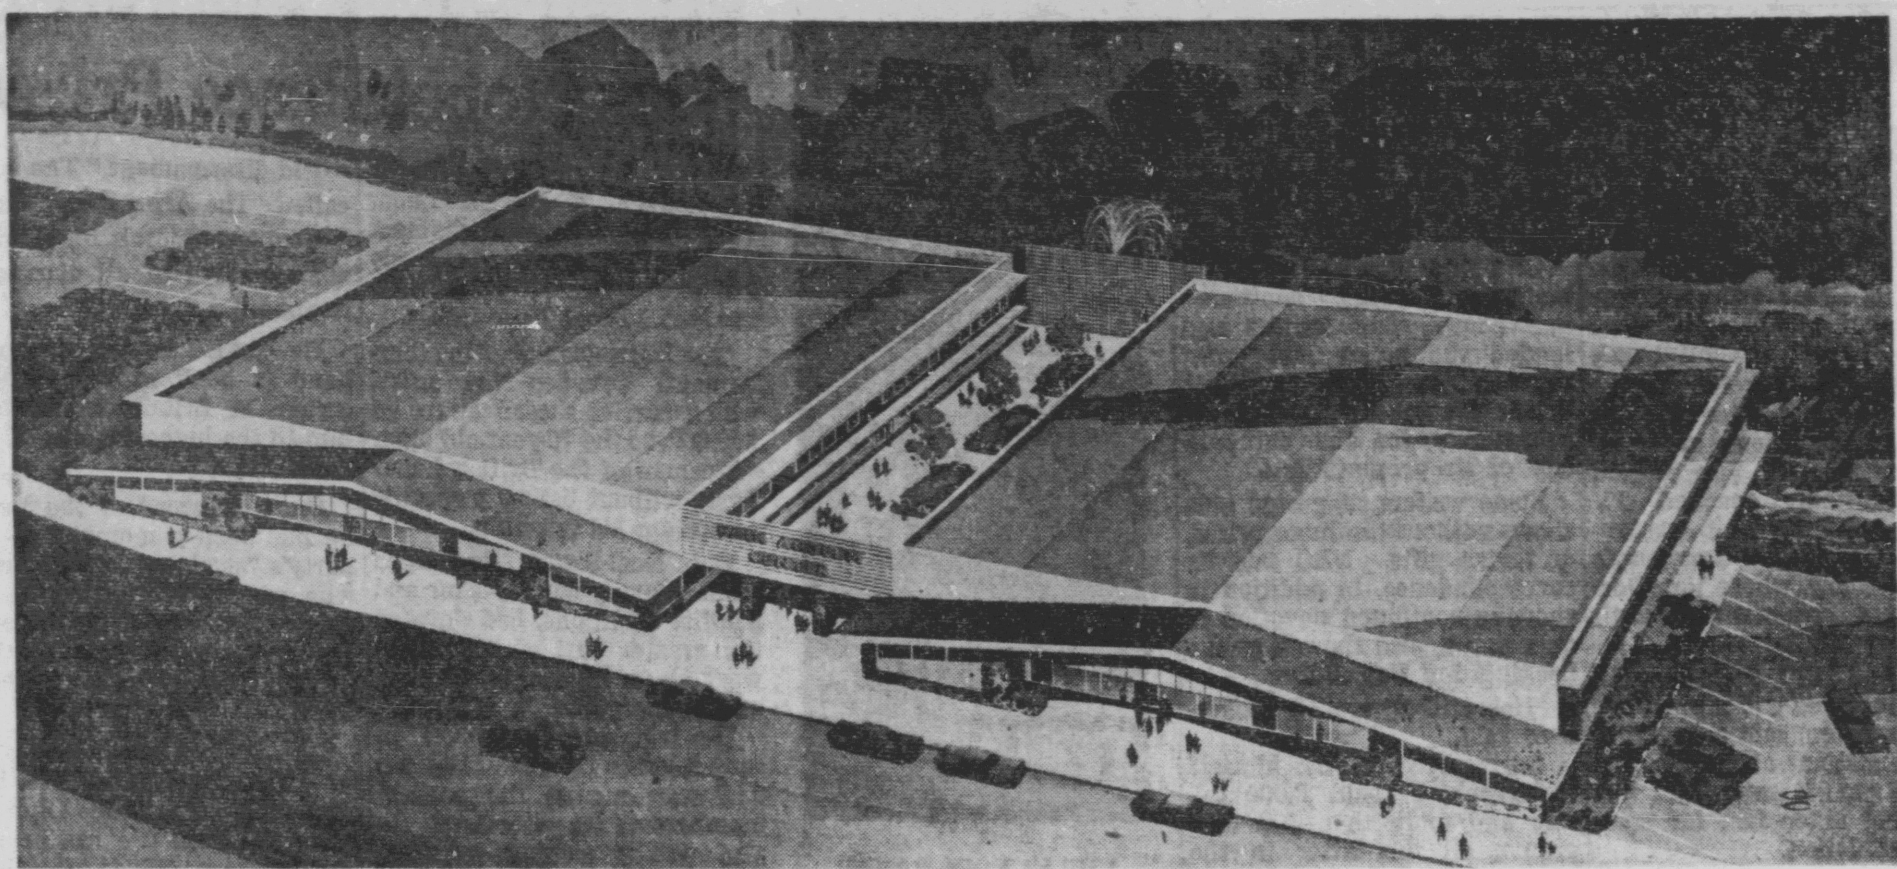

And if the political public demands it hard enough, it will have to heeded.

FAIR-ANSELM CENTER — These two buildings, with the Lucky Store now in operation on the opposite side of Center boulevard, will comprise the Fair-Anselm Shopping Center in Fairfax near

the San Anselmo line. Driving of pilings for the buildings, to be constructed by Associated Contractors and Engineers, already has started. This is how they will look on completion, as conceived by W. B. Clausen, designer.

Club Urged To Act On Stinson Park

Members of the Stinson Beach Progressive Club last night were urged to attend a meeting of the Marin Coast Chamber of Commerce Tuesday night to urge return of overnight parking and trailer facilities at Stinson Beach State Park.

The plea was made by Alvin A. Eustis, president of the club. Eustis, who is also vice president of the coast chamber, said the meeting will be held at 7:30 p.m. at Rancho Nicasio.

He said Gordon Kishbaugh, superintendent of District 2 of the state Division of Parks and Beaches, would be on hand to discuss state parks in Marin. James Hammond of the California State Chamber of Commerce also is scheduled to attend.

Muir Beach Hopes For Better-Tasting Water

A gadget of the type the Army uses to purify its water during combat in jungles may soon filter the water for residents of the Muir Beach Community Service District.

But more important, the users in the district soon may have clearer and better tasting water.

These matters were touched upon last night at a meeting of the service district directors.

Secretary-manager John White said new sources of water may be tapped soon. At present the district uses water

from a well low in Franks Valley. The new source would be outside the district and higher in the valley.

The present water supply contains a large amount of iron and manganese, White said, and is colored and quite a shock to the palate. The new source, he said, would contain less of these minerals, but there are a couple of stumbling blocks to its procurement.

First of all, White said, the district will have to negotiate with owners of the water source, and second it will have to see whether it can afford to bring the water down the valley.

But even if the district gets the new water, it may want to buy a government surplus water treatment plant. This piece of machinery, contained in an olive drab van, is the kind used by the armed forces to take the bugs out of foreign water for its troops.

The same machine will cut down the iron and other chemicals in the Franks Valley water, and will add another—namely chlorine, White said. He said there was no plan to fluoridate the water.

Pro-Fluoridation Petitions Going Well, Group Told

Petitions urging fluoridation of Marin Municipal Water District water, circulated by the Children's Dental Health Committee since September, are being well received, the committee's executive board was told last night.

Dr. James Dawson, petition chairman, reported "spot checking of the petition signing committee has indicated very encouraging results."

A more specific report as to how many have signed the petitions is expected to be ready in time for a special meeting planned by the executive board in about two weeks. The board met at Marin County Health Department offices.

When Betsy Ross made the first American flag, it was unfurled for the first time at the Battle of Brandywine, Pa., on Sept. 11, 1777.

RAINS UNCOVER RELICS OF ROMAN RULE

TRIPOLI, Libya (P) — Relics of Roman occupation have been uncovered by recent floods in the Gebel Akhdar region of Cyrenaica. Heavy rains near Beda exposed a small section of a column. Subsequent excavation revealed the remains of four Roman milestones.

The earliest milestone was erected in 75 A.D., during the reign of Emperor Vespasian.

Home Is Hitch-Hiker
BROOKLINE, Mass. (UPI)—Ralph Jaffee, 18-year-old senior, has resumed studies at Brookline High School after thumbing his way 9,000 miles around the country at a total cost of \$139.74.

Work Starts On Big Fairfax Shop Center

Driving pilings has started for two big buildings which may house as many as 30 stores in the Fair-San Anselm Shopping Center, across Center boulevard in Fairfax from the Lucky Store.

The structures, to be built by Associated Contractors and Engineers of San Francisco, will rise on six and one-half acres of property of Max Friedman, adjoining his Marin Town and Country Club. The same contractor built the H. H. Koch and Sons luggage factory and the Greenbrae Lanes bowling alley.

Although no leases have yet been signed, the center is expected to attract a hardware store, beauty shop, variety store and other assorted retail businesses, Friedman said to-

day. In addition, a portion is to be set aside for professional offices.

The buildings, of steel frame construction and linked by a landscaped mall, were designed by W. B. Clausen, assisted by Harold Lezzini of Fairfax.

Quiz Winner Resigns Army Commission

FT. SILL, Okla. (AP)—An Army officer who won big money on the television quiz show "Tic-Tac-Dough" — and has steadfastly denied receiving any help—resigned his commission yesterday.

Officers at Ft. Sill said Capt. Michael O'Rourke, who won more than \$106,000 resigned with this official statement:

"My reason for resigning is that if I were called before the congressional committee investigating the television shows, I would prefer to appear as a civilian or as an officer of the Army whose resignation has been submitted."

The resignation was quickly accepted here and approved by the Department of the Army.

It came scant hours after O'Rourke, 30, had again denied he ever received any help or knew of any help being given contestants on "Tic Tac Dough."

His denial was prompted by release of testimony by Howard Felsner, producer of the program.

VAN DOREN BACKED

Networks Say Public Favors Quiz Shows

NEW YORK (AP)—The National Broadcasting Co. and the Columbia Broadcasting System report mail and telegram sentiment in favor of continuance of television quiz shows.

The correspondence also has brought expressions of affection for Charles Van Doren, the admittedly coached TV star. The bulk of it was received by Dave Garroway's "Today" show, where Van Doren was a commentator until ousted by NBC.

CBS and NBC, the networks which nurtured and nipped the TV quiz boom, said today that communications about TV quiz programs generally was streaming in too fast for complete tabulation.

NBC, reporting on a tally of its latest 625 letters, said 468 favored continuation of the quiz shows, 129 were critical of such entertainment, and 28 were undetermined.

A CBS spokesman said: "A large majority of the mail favors continuation of this type of show. They enjoy them, and would like to see them kept on the air, if there

is some way of doing it."

CBS said that while the big majority favored continued quiz shows, most writers also lauded the policy laid down recently by CBS president Frank Stanton of network responsibility for the authenticity of its presentations.

Some writers suggested quiz shows without the huge prizes, or lavish gifts. NBC said its correspondence, in addition to showing continued devotion to quiz shows, also showed public backing for Van Doren.

"He's still a hero," a spokesman said.

Garroway said he himself has received about 2,000 letters and more than 300 telegrams, all the latter in the wake of Van Doren's admissions to House investigators, and all but one favoring Van Doren.

The bulk voiced warm compassion, and unstemmed fondness, most of them urging Van Doren's reinstatement, Garroway said.

Oxygen was discovered by English Dr. Priestley in 1774.

PHILIP NOEL-BAKER
Devoted to peace work

British Labor Stalwart Wins Nobel Peace Prize

OSLO, Norway (UPI)—Philip Noel-Baker, a British Labor Party member of Parliament who has campaigned vigorously for more than 30 years, won the Nobel Peace Prize today.

The Norwegian Storting (Parliament) awarded the prize, which carries a cash award of \$42,602, to the 70-year-old elder statesman of the British Labor Party without listing a specific reason for his selection.

But Noel-Baker, descended from a family with Quaker and pacifist traditions, had devoted the greater part of his life to working for international peace and cooperation.

He was instrumental in founding the League of Nations and was one of the earliest members of its secretariat. He also was a moving spirit in founding the United Nations.

He was a British delegate to the first and second U.N. General Assembly sessions, part of the long list of international peace-making and disarmament conferences in which he took part.

Noel-Baker climaxed his 30-year struggle for disarmament last year with a book outlining a comprehensive "program for

world disarmament." The book, called "The Arms Race," made sweeping proposals for gradual abandonment of all classes of weapons.

He carried on his campaign hand in hand with a political career in Britain which took him to the highest ranks of the Labor Party.

Once chairman of the party, he has been a member of the party's "shadow cabinet"—men who would hold office if the party won control of the government—since 1951. He has served in Parliament since 1929.

One other international body on which Noel-Baker has had long service is the Olympic Games Council. He has been a member since 1924, after having captained the British Olympic teams in 1920 and 1924 and having represented Britain as a runner in the games of 1912.

Superintendents of West Point Military Academy were confined to the Corps of Engineers from its beginning in 1802 until 1866 when it was opened to the entire Army.

MARCH OF DIMES POSTER CHILD

Mary Beth Pyron of Florence, Ala., was named today as the 1960 March of Dimes National Poster Child, who can't walk or stand, was selected by the National Foundation to symbolize the millions of handicapped children and adults whom the foundation seeks to aid through an expanded program. Ike May See North India During Trip

WASHINGTON (AP)—President Eisenhower may tour part of northern India during his overseas goodwill trip next month.

Authoritative informants said the President wants to see more of India than just the capital of New Delhi during his visit. A final decision will depend, they said, on whether he will have time for side trips.

India is one of the nine nations Eisenhower will visit on his goodwill tour beginning Dec. 3.

MAJOR SPEECH

The President is described as very anxious to meet with India's Prime Minister Jawaharlal Nehru to discuss East-West problems. He is also reported planning a major speech at the opening of the American exhibit at the Indian International Agricultural Fair in New Delhi.

Eisenhower reported yesterday he will visit Italy, Greece, Turkey, Iran, Afghanistan, Pakistan, Morocco and France, as well as India, during his flying tour.

Some authorities said a second Eisenhower overseas trip sometime next spring might be in the works.

TO VISIT RUSSIA

The President is due to visit the Soviet Union at that time, repaying a visit Soviet Premier Nikita Khrushchev made to the United States last month.

Secretary of State Christian A. Herter is reported to be encouraging Eisenhower to travel as widely as possible during the remaining 14 months he has in office.

Herter is reported to believe that Eisenhower's worldwide reputation as a peaceful man is America's greatest international asset at the present time.

Eisenhower is due to wind up most of his current trip before going on to Paris to attend the Western Big Four summit strategy sessions Dec. 19.

Arrangements tentatively are being made for a brief rest stop before the Paris sessions.

Japanese Dancer Set To Perform

A Japanese dancer trained in the traditions of Kabuki will perform Tuesday at 8 p.m. at Olney Hall at the College of Marin in Kentfield.

Miss Haruko Ito, the dancer, performed in the Pacific Festival in San Francisco and has been appearing at Bay Area colleges and universities as part of an exchange program to acquaint Americans with Japanese culture.

The performance is sponsored by the Larkspur-Corte Madera Dance Cooperative as part of its regular meeting.

Expect Record Crowd For Redwood-Tam Tilt Saturday

Top Stars In Action As Title Race Reaches Peak

The largest crowd of the Marin County Athletic League season—perhaps more than 6,000—is expected to jam College of Marin Stadium in Kentfield Saturday night for one of the most attractive football presentations of the year—Redwood's undefeated Giants against the dangerous Tamalpais Indians.

Rated co-favorites for the first MCAL grid pennant in pre-season forecasts, these bitter rivals are still rated a toss-up for their long-awaited clash, although Redwood possesses the better won-lost record of six straight victories to Tam's 3-3 mark. In league play, however, Redwood holds only a game advantage over its southern cousin with a 3-0 mark to Tam's 2-1.

Statisticians have come up with some interesting figures on Redwood, revealing either the Giants have played much weaker opponents or they own the greatest defensive unit this side of the Iron Curtain. Redwood's six foes have scored a total of 31 points and have gained a total of only 324 yards—or an average of 54 a game.

EMBRY DANGEROUS Offensively the Giants have rolled up 1,208 yards, or about 200 per game. Of this offensive record, halfback Curtis Embry has personally accounted for 405 yards on 70 rushing plays or 5.8 average per carry. Embry, a great broken field runner who is especially dangerous on kickoff and punt returns, has scored seven touchdowns and one PAT for 43 points.

Tam Coach Jim Hanretty has been drilling his Indians on defense against punt and kickoff returns this week, showing respect for Embry's explosiveness.

While Redwood's main weapon appears to be defense, Tam's is just the opposite. The Indians, featuring such speed burners as Ray Edwards, Pat Morgan and Russ Cook, can explode from any point on the field and usually do once or twice a game.

EDWARDS' RECORD For example, Edwards' eight touchdowns this season, high for the county, have covered such distances as 93, 85, 83, 79, 72, 49, 37 and 18 yards. His running figures are 519 yards in only 48 carries for a 10.8 average. Is he dangerous? Well, is Khrushchev a Communist?

Besides having a strong bearing on the league championship, this game will decide which school gets the Tamalpais District Trophy. Redwood beat Drake and Tam last year to win the coveted award and hopes to keep it in the Giantsville's showcase.

While Redwood Coach Bob Troppman pronounced his troops in A-1 condition, Hanretty listed two players on the injury list—center Dennis Reynolds, a knee, and quarterback

L.A. Dodgers Move Restaurant Inside New Ball Park

LOS ANGELES (AP)—The Los Angeles Dodgers have a new set of plans for their proposed ballpark in Chavez Ravine—this time with restaurants inside instead of outside the stadium.

"I think the council is going to find that the plans are thoroughly beautiful," owner Walter O'Malley said yesterday after the drawings were presented to the City Council's planning committee.

The City Council criticized previous drawings, showing the stadium surrounded by such commercial developments as restaurants and car washes.

Soccer Qualifying Contests Sunday

The qualifying round of the Northern California section to the United States Soccer-Football Assn. will be held this Sunday at Balboa Soccer Stadium, San Jose and Ocean avenues in San Francisco.

Three games will be played with the San Francisco AC meeting Union Espanola, 10:45 a.m., Mexico playing the Vikings at 12:30 p.m., and the Greek-Americans battling Hakoa at 1:15 p.m.

These three winners will join five other teams for a chance at the Northern California title. This winner will then play the Southern California finalist to determine a Western representative to the national tournament.

PREP OF WEEK—Quarterback Jud Bird (center), chats with schoolmates at Novato High this week after it was learned he was selected the Marin County Athletic League's "Prep of the Week" for leading the Novato Hornets to a 34-19 victory over Drake last Saturday. From left to right are Liz Chisholm (seated), Denise Prince, Bird and George Hasik. (Independent-Journal photo)

3 MCAL TILTS HIGHLIGHT GRID SLATE

Three Marin County Athletic League games highlight this week's local gridiron schedule as the season rolls near its end.

The MCAL battles, each expected to be a thriller, include Drake (0-3) at San Rafael (1-2) tomorrow night, 8 o'clock; Marin Catholic (2-1) vs. Novato (1-2) at Kentfield Saturday, 2 p.m.; and Redwood (3-0) vs. Tamalpais (2-1) at Kentfield, Saturday night, 8 o'clock.

Two other tilts will round out the schedule California School for Deaf plays at the San Rafael Military Academy tomorrow afternoon, 3:30 o'clock, in Bay Counties League action and Shasta College plays at College of Marin tomorrow night, 8 o'clock, in Golden Valley Conference competition.

Knee Surgery For Spahn

OKLAHOMA CITY (UPI)—Warren Spahn, pitcher for the Milwaukee Braves, underwent a knee operation in an Oklahoma City hospital today.

His physician, Dr. Donald O'Donoghue, said the operation was to remove a calcium deposit near Spahn's left knee.

Spahn lives at his ranch near Hartshorne, Okla., during the off-season. Southpaw Spahn had a 21-15 record last year with the Braves. It was the seventh straight year he had won 20 games or more.

Redwood Runner Places 2nd In Cross-Country

Dean Travis of Vallejo High edged out Redwood's Marv Stephens for first place yesterday in a 2.2-mile cross country race at Vallejo.

Travis was clocked at 10 minutes, 6 seconds and Stephens at 10:19.

Third went to Rog Sturgeon of Vallejo in 10:23 and fourth was Felix Riggs of Ukiah, 10:36. Vallejo won the team title, followed in order by Ukiah, Redwood, Sonoma and Tamalpais.

ALL-AROUND STANDOUT Novato's Jud Bird Named Prep Of Week

His coach calls him the team's best defensive player; and at the quarterback slot he's a polished performer who makes the plays click.

He's Jud Bird, star of the Novato Hornets, and he is the Marin County Athletic League's "Prep of the Week" as selected by the Independent-Journal and Radio KTMM.

The slender senior play-caller was selected for the award for an all-around workmanlike job in leading the Hornets to their 34-19 victory over Drake.

Bird's offensive show featured a 20-yard scoring pass to Ron Manzoni, a 12-yard run for a TD and a nifty 48-yard kickoff return that set up still another Hornet score.

Bird's defensive play is perhaps his best ability, and once again he was a wrecking crew against Drake.

Coach Marlin Olsen rates Bird as his best defensive player. A good example of the coach's respect for Bird's play came when Novato had to tackle undefeated Redwood. Bird was still weak from a case

Middlecoff Pro At New Palm Springs Course

PALM SPRINGS, Calif. (AP)—Cary Middlecoff is the new golf pro at the nearby La Quinta course, expected to open in a few weeks. The two-time National Open champion will be at the new course for four months a year, starting in January.

Big 5 Urged To Review Cal Incident

SAN FRANCISCO (AP)—The University of California has no intention of breaking athletic relations with the University of Southern California over the McKeever-Bates football incident.

But California still wants the Big Five—(Athletic Assn. of Western Universities)—to review California's charges that USC guard Mike McKeever, an All-American candidate, deliberately elbowed halfback Steve Bates in Saturday's game in Berkeley. Bates' cheek bone and nose were broken.

USC officials have apologized publicly to California, but Coach Don Clark didn't. He and McKeever previously denied that McKeever purposely piled onto Bates on the sidelines.

After the official apology, Clark had this to say: "I personally don't feel that I must apologize for the actions of the USC team at Berkeley." He declined further comment.

ALUMNI PRESSURE Some alumni groups suggested that Cal sever athletic relations with USC unless disciplinary action is taken against McKeever. The executive committee of the Associated Students at California urged the university not to play football against USC again if McKeever is a team member.

California Chancellor Glenn T. Seaborg said "We are not contemplating a break in athletic relations with the University of Southern California."

In a joint statement Tuesday night, Seaborg and Cal President Clark Kerr said they intended to request a meeting of AAUW presidents for a showing of films of the incident and to reaffirm conference policy "for clean play on the field."

Kerr was in Honolulu yesterday. A university spokesman said no meeting of the AAUW actually had been requested and that it might not be for some time. Other members are UCLA, Stanford, and Washington.

Kerr told Honolulu newsmen there had been demands for McKeever's ouster, but he emphasized that California would make no such request.

Scout Sports Night

Football highlights of 1958 will be shown at 7:30 p.m. tomorrow at Greenbrae School at the annual sports night event of Boy Scout Troop 59, J. R. Weiss, chairman, announced.

DeMAESTRI ON THE JOB

Joe DeMaestri, Kansas City Athletics shortstop who has announced he is thinking about retiring from baseball, gave this "everything's fine" gesture yesterday as he worked behind the wheel of a truck at his distributing company in San Rafael. DeMaestri said he is "getting awfully tired of traveling around" in the baseball world and would like to spend more time with his family. A nine-year veteran in the major leagues, DeMaestri will be 31 next Monday and said he realizes his baseball time is running out. He said he won't make a definite decision until after the first of the year.

Lombardo's Hydro To Attempt World Record In Nevada

LOS ANGELES (AP)—Guy Lombardo's all-aluminum jet hydroplane, the Tempo Alcoa, will try for the world's speed record on Pyramid Lake, Nev., about Nov. 15.

The orchestra leader said yesterday his boat will aim for a peak of 270 miles an hour. That would eclipse the world mark of 260.35 m.p.h. held by Britain's Donald Campbell.

Lombardo said Lester Staudacher, designer of the turbojet boat, will be at the controls. He has handled all tests since it was completed last August.

A miniature model was tested last Saturday at North American Aviation's wind tunnel and engineers told Lombardo the craft is safe for speeds up to 325 miles per hour. Its turbojet engine gives it 5,600 pounds of thrust.

Banks Surprised At MVP Honor For 2nd Straight Year

CHICAGO (P)—Being named the National League's most valuable player for an unprecedented second year came as a real surprise to Ernie Banks.

"Any of a half dozen or so other fellows I thought would beat me out," said the wiry, 28-year-old Chicago Cub shortstop.

COLLEGE BRIEFS

That's Right, Cards Picked Over Bruins

By ASSOCIATED PRESS

STANFORD — When Stanford Coach Jack Curtice learned yesterday that his Indians, with a 2-7 record, are favored over UCLA in their Saturday football game here, he said:

"I don't know why anyone would favor us, but it's nice that they do."

He worked the Indians hard on tackling, blocking and passing, trying out second string center John Thomas at tackle.

Both regular tackle Phil Burkland and replacement Trev Grimm have shoulder injuries.

UCLA JINX

LOS ANGELES—The UCLA Bruins will be fighting a jinx of sorts when they tangle with Stanford's Indians at Palo Alto.

In 14 visits to the farm, the Bruins have come away with only four victories and one tie.

The Bruins also were disheartened to learn their No. 1 tailback, Bobby Smith, is hampered by a badly swollen knee. However, Coach Bill Barnes thinks Smith will be able to play Saturday.

MUDDY BEARS

BERKELEY — The California Bears scrimmaged in man-made mud yesterday in expectation of a possible wet field when they meet Oregon at Portland Saturday.

Coach Pete Elliott announced plans to start sophomore Alex Jamile at right halfback in place of Steve Bates, who suffered cheek bones and nose fractures in last week's game with Southern Cal.

DUCKS STRESS DEFENSE

EUGENE, Ore. — Defense drew the most attention at Oregon's workout.

Some of the 90-minute workout was devoted to offense and then the team looked at movies of Oregon and California games.

Everyone except end Alden Kimbrough appeared in good physical shape and he is improved from the day before, when he showed a considerable limp.

SC SPIRIT HIGH

LOS ANGELES — Despite the California protest over Mike McKeever's allegedly play, Coach Don Clark says the morale of his Southern California Trojans is high.

The undefeated Trojans ran through a spirited no-contact offensive workout. They play West Virginia in the Los Angeles Coliseum Saturday. Willie Wood and Al Prukop alternated at quarterback in the latest drills.

Stilt Learning Fast, Burning Up Pro Cage League

By ASSOCIATED PRESS

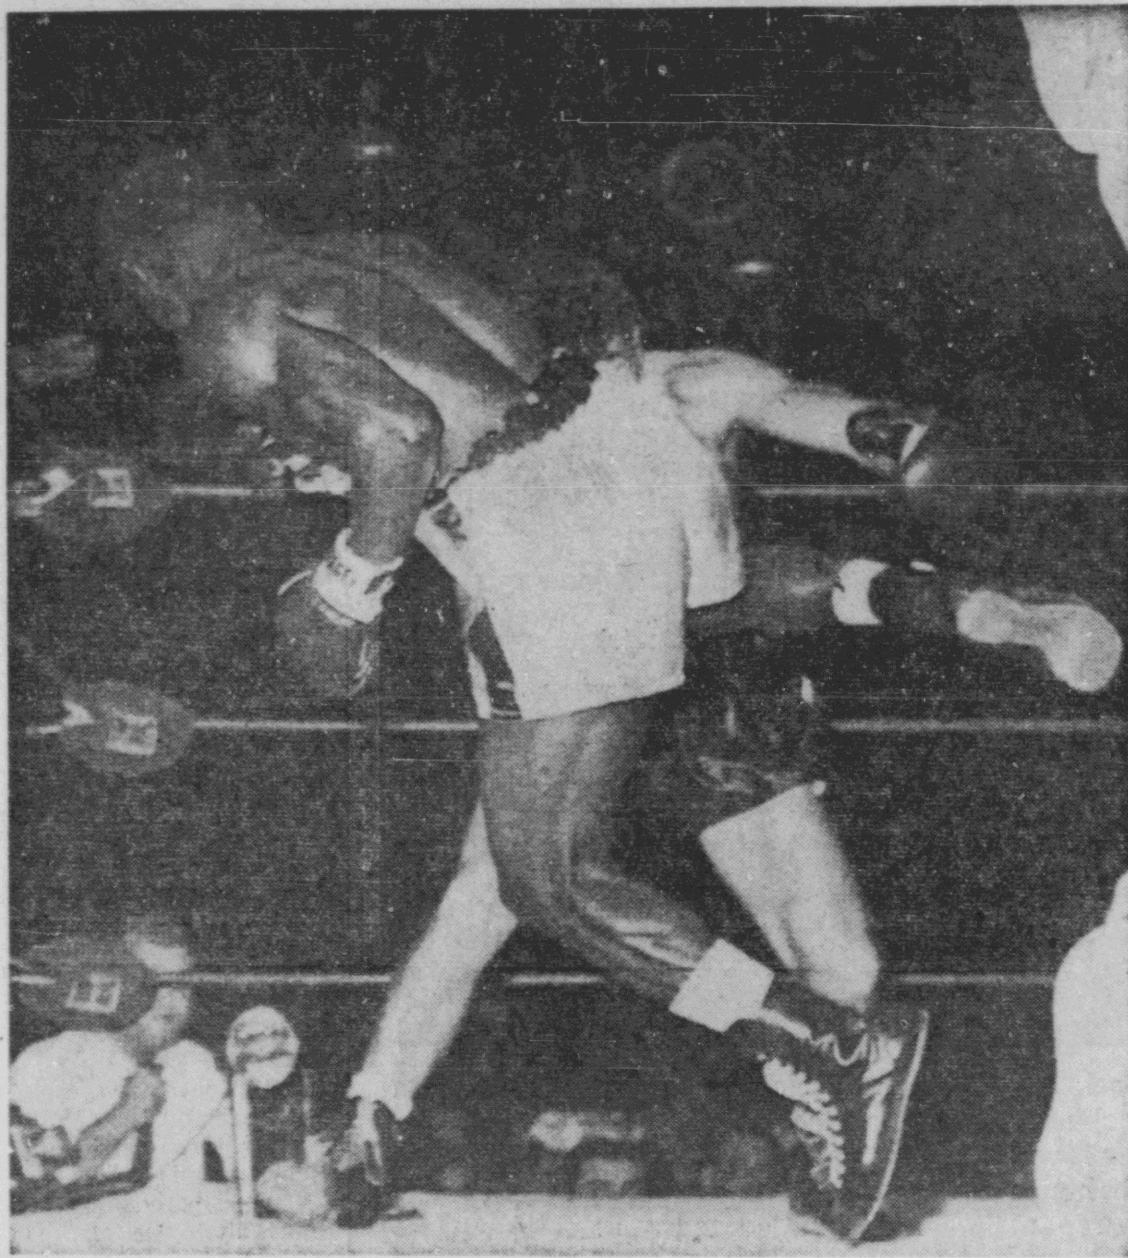

The fellows who said it would take time for Wilt "The Stilt" Chamberlain to find his way around in the tough National Basketball Assn. might consider these figures:

Three games, 120 points, 102 rebounds — and three straight victories for the rejuvenated Philadelphia Warriors.

The next question might be: What happens when he learns the league?

The 7-foot-1 former Kansas All-American had another big game last night, scoring 41 points and grabbing a record of 40 rebounds for Convention Hall in Philadelphia as the unbeaten Warriors drubbed the Syracuse Nationals 124-113. And it was 14 points by Chamberlain in the third period that rallied the Warriors after they trailed 58-57 at halftime.

FLYING TIGER—Dick Tiger misses a right-hand punch aimed at Joey Giardello in first round of their nationally-televised fight in Cleveland

last night. The momentum threw Tiger off balance and he bounced into the ropes. Giardello won unanimous decision. (AP Wirephoto)

PEREZ RETAINS TITLE WITH 13TH ROUND KO

OSAKA, Japan (UP)—World Flyweight Champion Pascual Perez retained his title tonight by knocking out Japanese challenger Sadao Yaoita in 55 seconds of the 13th round of their scheduled 15-round title bout before 20,000 spectators.

The 33-year-old Perez showed remarkable condition as he battered 24-year-old Yaoita with smashing lefts and rights to the body and head. The end came suddenly in the 13th when Perez shot a jolting right to Yaoita's stomach as Yaoita was stepping away.

Yaoita went down and Referee Juan Norita of Argentina counted four before he Japanese stood up. Perez quickly followed up with a short right to the jaw and Yaoita fell backward flat on his back and was counted out.

Ryder Cup Golf On Tomorrow; Irishman Threat

PALM DESERT (P)—An Irishman, of all people, is raising British hopes for retaining the Ryder Cup.

Christy O'Connor of Dublin fired a 2-under-par 68 on the El Dorado Country Club course yesterday. The occasion was a pro-celebrity event, staged as a prelude to the international golf matches which start tomorrow.

And while the Irishman came in first, a Welsh teammate, Dave Thomas, shared a three-way tie for second with two Americans—Jay Hebert of Sanford, Fla., and Art Wall Jr. of Pocono Manor, Pa. All had 69s.

Julius Boros of Midpines, N. C., and Cary Middlecoff of Hollywood, Fla., were next with 70s.

The British have never won the Ryder Cup on American soil. But there has been a considerable stiffening up upper lips since 1957, when the Britons broke a 24-year interval between victories by defeating the Yanks 7½-4½ at Sheffield, England.

O'Connor, a two-time Ryder Cup team member, collected six birdies and slipped over par on four holes, twice by overshooting the greens.

British Capt. Dai Rees said the husky Irishman was at the top of his game and playing better than anyone else on the team.

Crowd, Judges Differ Again In Video Bout

CLEVELAND (P)—It would seem that the only unanimous agreement on the outcome of a bout between middleweights Joey Giardello and Dick Tiger is reached by the three officials who score the scrap.

The 29-year-old Giardello won a unanimous decision in last night's 10-rounder at the arena, and 2,782 paying customers booed lustily at the announcement.

Five weeks ago in Chicago Tiger won a unanimous decision in the pair's first 10-rounder, and that verdict also brought hoots.

Giardello, former Philadelphia fighting out of Rosedale, N. Y., thought he won the fight in Chicago.

And Tiger, British Empire middleweight champion from Nigeria and Liverpool, England, was equally confident he won last night.

So close was the scoring that the referee, Don Gonzales, and a judge, Charles Bill, would have had it 45-45 on points if Gonzales had not penalized Tiger a point for butting in the ninth round. Judge Herb Williams had it 47-45 for Giardello.

Giardello built up an edge in points in the first three rather tame rounds, and then came a furious fourth with each fighter landing a number of solid blows. Both of Tiger's eyes were bleeding at the eye-brows when the round ended.

Joey admitted in his dressing room: "It was accidental, but my head did hit him."

Then Giardello displayed a bruise near his groin as evidence of a low punch.

Neither fighter scored a

knockdown or near knockdown or was seriously hurt. Giardello hung on and grabbed a lot in the late rounds as the fight got rougher. Tiger barged Joey's jaw with jolting lefts and rights in the 10th to pile up the most lopsided edge for any single round. Had the bout gone a few more rounds, Tiger would have won easily, most ringsiders felt.

At 161, Tiger weighed in a pound heavier than Giardello and entered the bout a 7-5 favorite.

Spartans Expect Toughest Battle

SAN JOSE (P)—Coach Bob Titchenal figures his San Jose State Spartans face their toughest game, here Saturday, against Wyoming.

He worked the Spartans on defense against the Cowboys' multiple attack yesterday.

Spartan guard Roy Harrah has a shoulder injury and will miss the homecoming game. Halfback Oneal Cuterry, who suffered a thumb injury against Stanford last week, will be able to play.

Never Fired A Gun, Yet He's A Hunter Safety Inspector

By JIM HANNA

Redding Record Searchlight
REDDING (P)—I am a hunter and safety inspector. I have never hunted.

I have never so much as squeezed the trigger of a loaded rifle, shotgun or target pistol.

Yet the California Department of Fish and Game and the National Rifle Assn. have certified me competent to instruct your son and daughter in the safe handling of firearms.

Section 3032 of the California Fish and Game Code rules that:

No under 16 not previously licensed to hunt game in California may purchase a hunting license until he presents proof that he has passed a course in the safe handling of firearms.

Without making a single deceitful statement, I obtained from the state an instructor's credential empowering me to teach that course and to issue that proof.

So far as I am concerned, a breech bolt is still a diaper pin, but parents need not fear any accident my incompetence might cause.

In the likely event that I should shoot one of my young charges, a state insurance policy will pay his heirs \$100,000. The insurance came free with my hunter safety card.

To obtain my hunter safety instructor card, I first obtained an application from the local office of the department.

The application wanted to know whether I was primarily a big game hunter or a small game hunter. I left that part blank because although I know that bear and mountain lion are big game and that rabbit and rats are small game, I am not altogether certain about deer.

The application also wanted to know whether I had hunted migratory birds or squirrel within the last three years.

Again I left a blank. I have hunted nothing since the day 20 years ago that my outraged grandmother stopped me from tromping ants.

The application asked how long I hunted (another blank), but nowhere asked whether I ever had hunted, what I knew about the rifle and ammunition or why I felt qualified to teach hunter safety.

I turned to the hunter safety

examination. This consisted of 20 true-false and 20 multiple choice questions.

Although the application form did not state categorically that I had to pass the examination, I got caught up in the spirit of the thing and paused over particularly bothersome questions only long enough to phone the Department of Fish and Game for the correct answers.

I might have done the whole test that way, but the department had already provided most of the answers in the free information pamphlets it offers at its Redding office.

Within two weeks I received from Sacramento my instructor's credentials, my insurance, assorted pamphlets on hunter safety, a packet of 21 certificates or competence which I may issue to students upon their completion of the course and an instructor's guide.

The course suggests that I handle a gun as I talk, that I demonstrate how a single wrong movement of my finger could cause death.

It certainly could. I don't know how to take the bullets out.

A Little Girl Is 49er's No. 1 Fan, In Defeat As Well As In Victory

Win, lose or draw, the 49ers' No. 1 fan is a bright-eyed young lady who has never failed to write them words of praise in victory, words of encouragement in defeat, every week for the past five years.

Lisa Seifert is 12 years old now. When she was 7 and saw Hugh McElhenny, Leo Nomellini and other 49ers on TV's Success Story, Lisa discovered her heroes—not just McElhenny and Nomellini, but all of the 49ers.

Lisa's proudest possessions include a 49er game football and answers to every one of her letters, painstakingly written despite her cerebral palsy handicap.

When Lisa comes home from Corpus Christi school in Piedmont each Monday she writes a letter about 49er games the previous day even before she starts her homework.

"SHE HAS my approval and also her mother's to do this because she faithfully does her school homework," said her father, Edward Seifert of 3925 14th avenue, Oakland. "I can and do take a few pointers from Lisa on her 49er play."

Lisa, sitting in her wheel chair, was a sideline fixture during 49er spring training at Moraga early in the year when she predicted that the 49ers would "go all the way in 1959 despite the also-ran guesses by some sports writers."

Lisa gave us permission to reprint her letter of last week following the 49er-Bear game. It contains some sharp observations, particularly the one at the tail end of the letter con-

cerning sport page coverage of 49er games.

HERE IT IS:

"Dear Forty-Niners:

"You did it again! I knew you would all the time, but why do you always have to keep me in suspense? I was sure excited."

"I just knew that Y.A. was going to throw the Alley-Oop and I was praying that R.C. would be where he could catch it and he did."

"Everyone played a good game, I think you have played better ones, but it's the score that counts—so, you played a TERRIFIC one."

"I hear that Ted Connolly is going to be in Oakland next Monday night. If he comes to Corpus Christi school tell him to look for my brother Teddy. That is Father and Son night at the school where I go now. Sure wish I was a Son so I could meet Ted. Of all the players I have met, he is one that I have never met and wish I could. He is really playing some good games."

"DON'T BE overconfident for the Lion game. It sure makes me laugh to read the sports page when you are winning compared to when you lose a game. They sure change fast. I hope Hugh's hand will soon be better, I miss him."

Love,
Lisa Seifert."

VETERANS ALL — This trio of stalwart 49ers, having a combined total of 34 years in professional football, posed this week at the team's Redwood City training camp. From left—Leo Nomellini, a 10-year veteran;

Y. A. Tittle, 12 years and Joe Perry 12 years. They're prepping for an all-out effort in Los Angeles Sunday against the Rams. The 49ers lead the western division of the NFL with a 5-1 record. (AP Wirephoto)

State-Wide Limit Of 10 Trout Is Proposed

SACRAMENTO (UPI) — The State Fish and Game Commission yesterday announced plans to adopt a state-wide 10-fish trout limit to replace the present dual limit system.

The announcement gave Director William E. Warne a victory in the preliminary fight over simplifying the state's fishing regulations.

Commissioners said in their 1960 "determinations" that the general bag limit should be 10 trout throughout the state during the general season. They retained the 10-pound weight limit and a provision allowing at least three fish regardless of weight.

Under state law, the commissioners will meet Dec. 3 in Sacramento to formally adopt the regulations after hearing objections from sports groups.

The commission announced that a year around open season for trout had been proposed around the state. The bag limit during such a season would be 10 fish during the summer and five fish during the winter.

Commissioners said the proposal was not acted upon this year but will be considered next year after a study by the State Fish and Game Department.

The Commission cut the statewide limit of 15 fish last year to 10 except in 10 northern counties where the 15-fish limit was retained. In these counties the limit would be dropped to 10 during the 1960 season under the proposal made public yesterday.

Meanwhile, commissioners announced agreement on repealing a regulation in effect only one year for painting stripes on the sides of sports caught salmon to prevent bootlegging along the north coast.

A spokesman said the repeal decision was made because the regulation "simply did not work." He said fishermen were getting paint "everywhere but on the fish."

Other highlights of the determinations:

Limit each angler to three KOCH KEG LEAGUE
Sam Pillus' 508, Bob Brinton's 503 and Max Koch's 500 were high series this week in the Koch of California Bowling League at Greenbrae Lanes.

Bosox Won't Swap Jackie

BOSTON (AP)—No one seems to know whether outfielder Jackie Jensen will return to the Boston Red Sox for the 1960 season, but there's one thing certain—he won't be traded.

That's the word from Red Sox general manager Bucky Harris.

"Jensen won't be traded," he said yesterday in reply to reports that Jensen may be traded to a West Coast National League team.

"I'm waiting to hear from him," Harris said. "Naturally we can't do anything important until we hear from him."

"I have no idea when I will make my decision," Jensen said in his home in Crystal Bay, Nev. "I'm still undecided."

Jensen said near the close of the 1959 season that he may retire from baseball.

S. R. Basketball League Meeting Slated Nov. 16

San Rafael Recreation and Park Department announced today that tentative plans have been made for the 1959-60 San Rafael area Men's Basketball League. The hoop season will begin play the week of Dec. 12, for A-B-C classification leagues.

The first team managers and sponsors meeting will be held Nov. 16, 7:30 p.m. at Albert Park. Representatives of teams participating in the various leagues in past years are urged to attend to discuss team classification, entry fee, rules and league schedule.

WORLD NEWS IN BRIEF

'Copter Lift Shown

FT. RILEY, Kan. Troops, field artillery and command posts can be moved from one spot to another in a jiffy by a fleet of helicopters.

The Army's First Division demonstrated such maneuvers yesterday for more than 50 delegates of the Institute of Aeronautical Sciences.

Skimming over treetops from beyond the Kansas River, waves of helicopters delivered troops, guns, ammunition, combat huts, jeeps and other gear needed by a mobile fighting team.

Gambling Figure Slain

NEW YORK (AP)—Frankie (Shots) Abbatemarco, described by police as a big policy banker, met death in a rain of bullets last night as two masked men ambushed him in a Brooklyn bar.

The 60-year-old Abbatemarco, who had a lengthy police record, was shot twice as he was leaving the bar, then had six more bullets poured into him as he staggered back inside on the bar floor.

The two gunmen then ran out to a waiting car, one of them flinging a .32 caliber gun on the sidewalk as he ran.

Model Faces Trial

LOS ANGELES (AP)—Carole Tregoff must stand trial Dec. 1 with her lover on charges of murdering his wife.

The date was set yesterday after the 22-year-old ex-model tearfully pleaded innocent in the July 18 shooting of Barbara Finch, 33.

Dr. R. Bernard Finch, 41, already has pleaded innocent to a grand jury indictment.

Oscar Show On TV

HOLLYWOOD (AP)—For the third straight year, the movie industry will sponsor the Academy of Motion Picture Arts and Sciences Oscar awards show.

The program will be on nationwide radio and television next April 4.

The Motion Picture Assn. of America announced yesterday it would pick up the tab.

School Sprinklers Urged

BERKELEY (AP)—A Los Angeles fireman advocates installation of a sprinkler system in every California school as a fire prevention measure.

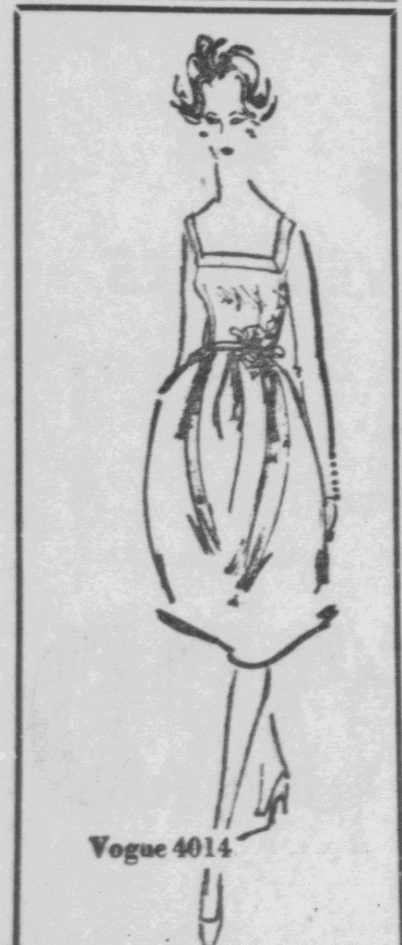

Battalion Chief John G. Dengkolb told an Assembly subcommittee hearing on fire protection yesterday that no child has ever been killed in a fire in a school equipped with a sprinkler system.

Petaluma Voters Pass School Bonds

PETALUMA (AP)—Voters here have approved two proposals for funds to build a high school and three junior high schools.

A proposal for a three-million-dollar bond issue was approved 3,104 to 1,262 in Tuesday's election.

A five-million-dollar aid proposal also passed, 3,070 to 1,283. Both measures had required a two-thirds majority.

New Research Chief

WASHINGTON (AP)—Charles Louis Critchfield, a physicist who directs the research program of a big aircraft program, is the new head of the Pentagon's Advanced Research Projects Agency.

Critchfield, 49, will take over the Pentagon job Nov. 16 from Roy W. Johnson, a former General Electric Co. executive who announced his resignation a month ago.

Castro Suspects Trap

HAVANA (AP)—Fidel Castro's government ordered an investigation today into the origin of a fake report that the missing army commander Maj. Camilo Cienfuegos, was alive on a small island off Cuba.

Supporters of Castro suggested counter-revolutionaries were behind the hoax to lure the prime minister into a trap on the uninhabited island 120 miles southeast of Havana.

Winds Pose Fire Peril

SACRAMENTO (AP)—State and federal forestry officials moved extra equipment into the Sierra today in expectation of high winds similar to those which spread destructive fires last week.

Fire crews still were mopping up after three fires in the Tahoe and El Dorado National Forests which burned millions of board feet of timber and caused close to 13 million dollars damage.

Forecasts were for high velocity north winds at higher elevations, with most of Northern California getting 15-20 mile-per-hour winds.

Advice From Oldster

LOS ANGELES (AP)—Miss Judie McKellar, celebrating her 108th birthday yesterday, advised:

"Live joyously."

Winter Weather Hits

By ASSOCIATED PRESS

Wintry weather, with heavy snow and cold northerly winds, struck much of the north central part of the country today.

Early morning temperatures headed into the teens and to near zero in some northern areas. It was below zero in some sections of the Rockies. The season's coldest weather was in store for the nation's midsection.

Missiles Hit Targets

CAPE CANAVERAL, Fla. (AP)

—The big three of U. S. missiles—Atlas, Thor and Jupiter—effectively demonstrated this nation's rocket retaliatory power in the past two days.

All three were launched on long-range test flights during a 20-hour period. Officials reported all successfully dropped simulated warheads on designated ocean targets.

Blasts Injures Sailors

NEWPORT, R. I. (UPI)—Seven sailors, injured when a three-inch shell exploded aboard the destroyer Willis A. Lee during maneuvers 35 miles at sea, were under treatment at the naval hospital here today.

The Navy said the accident occurred yesterday in a forward gun mount as the shell was being moved from a store room in a projectile hoist.

Air Trip Not Publicity Stunt, Claims 'Eloise'

WASHINGTON (AP)—Evelyn took off from Hollywood yesterday and headed for the White House to get Mamie Eisenhower to promote a new television series for her.

Nobody told her to do it, 9-year-old child actress Evelyn Rudie insisted after making a jet airliner trip across country on her own.

It wasn't a publicity stunt, she claimed, just a way she thought she might get back to working again on TV. Two years ago she portrayed an impish brat named Eloise.

Of course, she didn't make it to the White House, where she had once posed with Mrs. Eisenhower to promote U.S. savings bonds.

"When I saw Mrs. Eisenhower in Washington last year, she told me that she and her grandchildren and the President enjoyed my acting so much," Evelyn explained. "So I decided to talk with her and see if she couldn't help me get a part in a film or TV series."

The idea had become a sort of game at home, said her mother, Mrs. Emery Bernauer. Finally, she said, she told Evelyn jokingly if she wanted to see Mrs. Eisenhower to go ahead. "Pack your bag, buy your ticket, and go."

"I never dreamed she would take me seriously," Mrs. Bernauer said in Hollywood. But Evelyn disappeared at dawn and she called police.

Evelyn apparently bought her ticket with \$125 from four piggy banks, called her own

EVELYN RUDIE
In traveling clothes

cab, and took off.

"Thank God," Mrs. Bernauer said when told her daughter had arrived safely at Baltimore's Friendship Airport.

She phoned a Washington friend, Jacob Mogelev, who promotes savings bonds for the Treasury Department.

Mogelev had promoted Evelyn's visit to Mrs. Eisenhower to sell savings bonds. But he said he was having no part of the present project—except to take care of Evelyn at his home here until she can go back to Hollywood.

Reporters confronted Mogelev with the suggestion that it was all a planned publicity stunt. He said the whole thing took him by surprise.

Steel Talks Deadlocked On Key Issue

WASHINGTON (AP)—Federal mediators said today management and union officials are in an absolute deadlock on a key issue in the steel strike.

This is the industry's insistence on the right to change working conditions it considers wasteful or inefficient. David J. McDonald, United Steelworkers general president and top negotiator for his side, has served notice that it would be accepted only "over my dead body."

Many observers view it as the major issue in the costly, nationwide strike.

"Both sides have adamantly told us there is no present hope of a compromise on that issue," a spokesman for the Federal Mediation and Conciliation Service told a reporter.

Company negotiators have contended that only by gaining more efficiency through changing the work rules can the companies afford to grant any wage increases.

But the union contends rules changes would eliminate worker gains made over the years.

HURTING IN THE CITIES

Vote Results Gloomy From GOP Standpoint

By JACK BELL

WASHINGTON (AP)—The Republicans' analysis of Tuesday's local elections gives them little encouragement to hope for regaining control of the House in 1960.

Although the scattered elections offered little advanced light on next year's contest for the presidency, with some exceptions they seemed to reconfirm today a situation disfavoring the GOP.

The Republicans still are hurting politically in the cities. Their own strategists had said an urban revolt fed the Democratic congressional landslide in 1958.

Democratic Chairman Paul M. Butler said the elections reaffirmed what he called a mandate given his party in 1958 and demonstrated the "vigorous good health of the Democratic party as it prepares the momentous campaign of 1960."

Sen. Thruston B. Morton (R-Ky.), the Republican National Chairman, sized it up this way:

"Modest Republican net gains in New York, New Jersey, Pennsylvania, Massachu-

setts and Ohio. Roughly a stand-off in Connecticut. In Indiana, Republicans had a statewide gain of six mayoralties, but despite this net figure, showed net losses in cities of 25,000 and over.

"In my own state of Kentucky an expected Democratic split did not materialize and the Democrats won the election according to form.

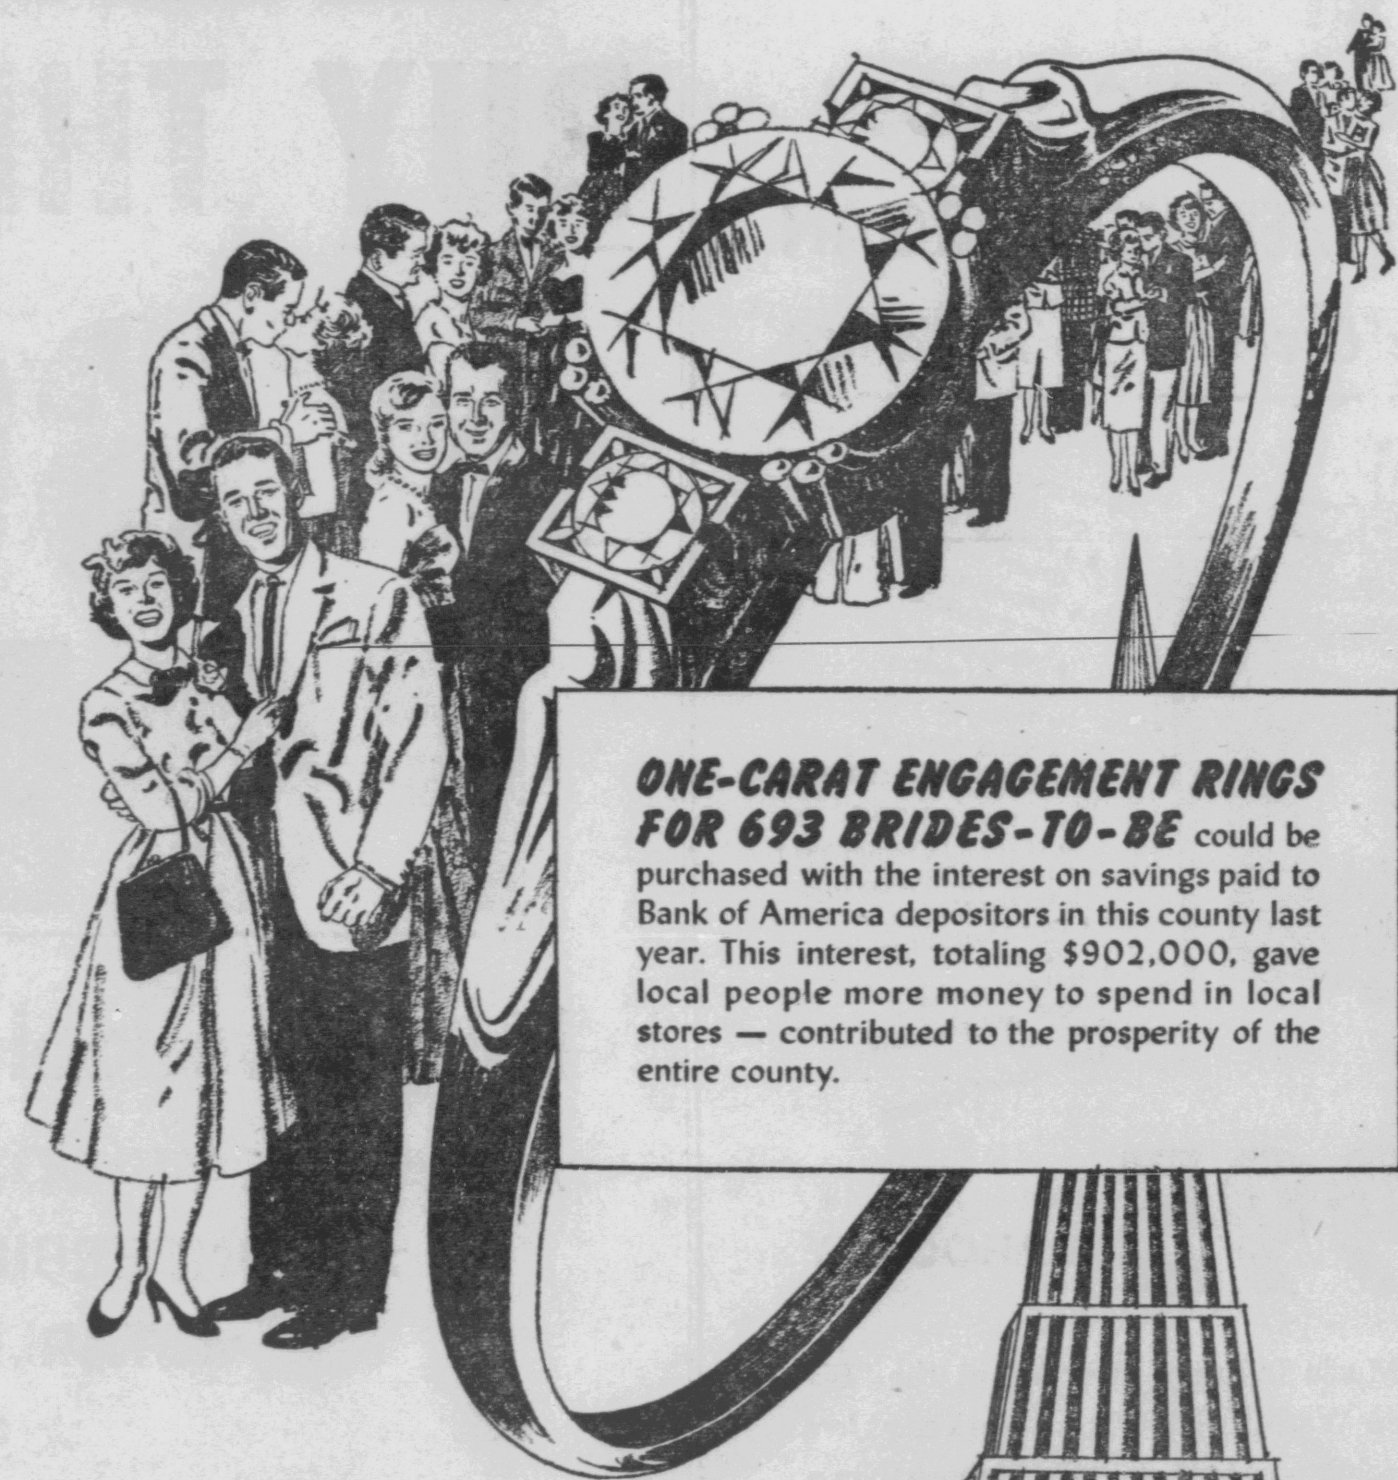

"All in all I think the Republicans have every reason to look confidently toward 1960."

Republicans long ago gave up any practical hope of regaining control of the Senate next year. They believed, however, if they could increase their urban strength a win by their presidential nominee could bring the House back under their management.

But Tuesday's return indicated the Republicans were staging a noteworthy comeback only in upstate New York cities. There Gov. Nelson A. Rockefeller took a personal hand in successful campaign to return Auburn to GOP control.

Outside of New York, however, the Republicans picture bore mostly a gloomy tint.

A MATTER OF FACT... IN MARIN COUNTY!

ONE-CARAT ENGAGEMENT RINGS FOR 693 BRIDES-TO-BE could be purchased with the interest on savings paid to Bank of America depositors in this county last year. This interest, totaling \$902,000, gave local people more money to spend in local stores — contributed to the prosperity of the entire county.

A HOTEL 1200 STORIES HIGH would be needed to accommodate the more than 200,000 people who own stock in Bank of America—including 2,829 who live here in Marin County! B of A regularly consults with many of these local shareholders, to discuss local conditions and to develop ways and means of improving the Bank's service to your community.

THE NEIGHBOR YOU CAN BANK ON is your own B of A branch, staffed by local people whose first concern is meeting local needs. This specialized service—backed by the combined resources of all Bank of America branches — makes B of A an active partner in the progress of Marin County!

SINGER SEWING CENTER
(Listed in phone book under SINGER SEWING MACHINE CO.)

TWO MEMBERS of the Women's Auxiliary of the Sausalito Yacht Club, left to right, Mesdames F. P. Fromhagen, president, and Carl Lischeske, director, stand elated before the soon-to-be new clubhouse of

the Sausalito Yacht Club. The new clubhouse is being built by the members of the Yacht Club while the Auxiliary is hard at work on building fund projects such as the Champagne Theater Party on Saturday at the Cove Playhouse in Tiburon.

MEANWHILE BACK at the old Yacht Club stomping grounds are Auxiliary members, left to right, Mesdames Robin Hobart, chairman of the Saturday theater party, and James Enzensperger, slightly dejected by the present clubhouse but busily

dreaming up new ways and means for project "Club House" for the Auxiliary. The Auxiliary recently staged a rummage sale. The play to be seen on Saturday at the Cove Playhouse is "Tunnel of Love." (Independent-Journal photos)

Dinners And Parties To Precede Comedy

The Women's Auxiliary of the Sausalito Yacht Club will sponsor a champagne theater party on Saturday evening at the Cove Players Theater in Tiburon. The Cove Players will present a comedy, "Tunnel of Love," and champagne will be served during the first intermission. The Auxiliary has taken the entire theater for the evening. Proceeds from the theater party will benefit the building fund of the Sausalito Yacht Club.

Many dinner parties are planned preceding the play. Tiburon Tommy's furnishes the scene for three groups. The Carl Lischeskes of Mill Valley have the role of host and hostess for Mr. and Mrs. Austin Burch of Mill Valley and Mr. and Mrs. Russell Wallace of Belveron Gardens. Mr. and Mrs. Willen Van Linden of Sausalito are entertaining the Charles Hazelles of Tiburon; the Jan Dykes of Sausalito and the John Van Lindens of Novato. And the stage is completed by Mr. and Mrs. Harold Scatena of San Francisco.

A dinner-party at home is planned by Mr. and Mrs. Neal Monroe of Sausalito for their guests the Donald Schumackers of Orinda; Donald Veikmeyers of Concord, and the Fred Hill-

mans of Berkeley. Another at home dinner party is on the schedule of Mr. and Mrs. Julian Barnett for their guests, the William Martins of Ross and the Thomas McNallys of San Francisco.

Mr. and Mrs. James Collins of Mill Valley and Mr. and Mrs. George Stahl of San Francisco will be the guests of the Leonard Delmas of Kentfield.

The San Francisco Yacht Club is the setting chosen by Mr. and Mrs. Roy Ashley of Corte Madera to entertain their guests, the Richard Regans, also of Corte Madera, prior to attending the theater party.

The F. P. Fromhagens of San Rafael have invited the W. J. Fromhagens of Sausalito and the W. B. Clums of Belvedere and all are looking forward to dinner at Mr. and Mrs. Clum's home on the Lagoon in Belvedere.

Among other members of the Auxiliary who are entertaining guests for the evening are the Fred Crawfords of Mill Valley with the Bruce Easoms of San Rafael and the Edward Pooles of Mill Valley. The Les Rubins of Sausalito will be hosts to the William Kildays of Daly City, and the Laurence Granbarts, also of Daly City. The Herbert Dubners and the Robert Griffiths, both of San Ma-

teo, with the Jack Skeros of San Francisco will be the guests of the Robert Flowermans of Corte Madera. Mr. and Mrs. James Enzensperger of Tiburon will play host to the Herbert Maddens of Mill Valley and the Frank Merzes Jr. of San Rafael. The Col. Brookner Bradys of Sausalito will host the L. G. Harters of Kentfield and the W. C. Garvies of Mill Valley. Mr. and Mrs. A. J. Smith of San Rafael have invited the Jack McCarley's and Dr. and Mrs. Frank Gotch, both of San Francisco, for the evening's entertainment.

Lynwood P-TA Meet Set For Tonight

A program concerned with the "Advantages of Educational Television" will be presented at the Lynwood P-TA general meeting tonight at 8 p. m.

Members of the staff of KQED, San Francisco's educational TV station have prepared the program, which will include a film and a talk by Ed Waley.

Refreshments at the meeting will be served by the mothers of children in kindergarten and first grade classes.

Marin Women

SECOND SECTION Independent-Journal, Thursday, Nov. 5, 1959 17

Dougan-Burnham Rite At Stewart Chapel

Residing in Fairfax following their recent marriage in Stewart Memorial Chapel of San Francisco Theological Seminary in San Anselmo are Mr. and Mrs. Alec Dougan.

The bride is the former Lynn Burnham, daughter of Mr. and Mrs. Paul M. Burnham of Lagunitas. The bridegroom is the son of Mr. and Mrs. William Dougan of Bolinas.

White and yellow chrysanthemums were at the altar for the 3 o'clock double ring ceremony with the Rev. John C. Bonner officiating.

Given in marriage by her father, the bride wore a white ballerina gown of Chantilly lace fashioned with a scoop neck-

line with seed pearl trim and three-quarter sleeves. Her veil of silk illusion fell from a seed pearl coronet. She carried white orchids and white roses.

Myra Andrus of Fairfax, as maid of honor, wore a pastel peach net gown fashioned with full skirt, scoop neckline and cap sleeves. She wore a matching veil and carried pink carnations.

Ron McCamish of Forest Knolls was best man, and ushers were Macklin Burnham of Lagunitas, the bride's brother, and Richard McCamish of Forest Knolls.

For her daughter's wedding, Mrs. Burnham wore a royal blue wool sheath with blue veil

and black accessories. Her flowers were lavender orchids.

Mrs. Dougan wore a gold-brown silk dress with matching accessories and bronze orchids.

A reception for 150 guests followed the ceremony at the Tamalpais Centre Women's club

For a wedding trip to Carmel, the bride chose a light green silk shantung sheath with bolero jacket. She had brown accessories and a white orchid corsage.

The bride was graduated from Sir Francis Drake High School and attended College of Marin. She is the sister of Macklin and Donald Burnham, both of Lagunitas. Mrs. P. M. Burnham of Albany, and the late Mr. Burnham, and the late Mr. and Mrs. Benjamin F. Nordeck of Eureka, are her grandparents.

The bridegroom was also graduated from Drake High School and attended College of Marin. He is employed at Herb's Pool Service in San Rafael. He is the brother of Mrs. Ray Lucas of Fairfield, and Robert Dougan, Sebastopol; James, Bolinas; John and George, Nicasio; Herb, Santa Venetia; and Harold and William Dougan, Forest Knolls.

Weekend Committees Listed For Center Flower Festival

Committees for this weekend's fall flower festival at the Marin Art and Garden Center were named today by William L. Kapranos, landscape architect who is designer-director of the show.

The annual festival will be held from noon to 6 p.m. Saturday and Sunday at the Frances Young Art Gallery on the Center grounds in Ross, under sponsorship of the Garden Society of Marin. Both indoor and outdoor areas at the gallery will be utilized for the various booths and exhibits, including dwarf trees grown by members of the Marin Bonsai Club.

Kapranos and Robert L. Whiteley, assistant director, are in charge of the Chrysanthemum Panel, planned to show living examples of the different types. Whiteley is also in charge of the gardening-in-action or Potting Shed booth at which chrysanthemum culture will be demonstrated.

Other committee workers: Plant Sales: Mrs. Gael G. Curto and Charles Kendall, co-chairmen; Mr. and Mrs. W. A.

Andersen, Mr. and Mrs. George Whitsett, Mr. and Mrs. Murray R. Mackall, Mesdames Rose Black, Emile Reillac, Louise Pickering, Dorothea Asmussen, W. H. Calhoun and A. J. Parker.

Hosts and hostesses: Col. and Mrs. R. H. Wonnberg, chairmen; Mr. and Mrs. Wallace Weber, Mr. and Mrs. F. Harold Schutte, Mr. and Mrs. George H. Beine, Col. and Mrs. George Conners, Mr. and Mrs. Walter Andersen, Mrs. Harry Meilink, Mrs. Fred Sloat, and Mrs. Barbara Becsey.

Refreshment booth: Roy Rhodes, chairman; Mrs. John Nahapiet, Mrs. Barbara Becsey, Dr. Katherine Leicester, Mrs. Leona Harrington, Mrs. W. A. Pickering, Miss Sylvia Weidenfeld, Mrs. W. H. Calhoun, Mrs. Dorothea Asmussen, Mrs. Rhodes, George Beine, Murray Mackall, Gael G. Curto, Mr. and Mrs. Edwin Ellingsen, Mr. and Mrs. Andersen.

Mrs. C. J. Flack is chairman of specimen plants and Mrs. Emile Reillac and Mrs. Eugene E. Cable are co-chairmen of flower arrangements.

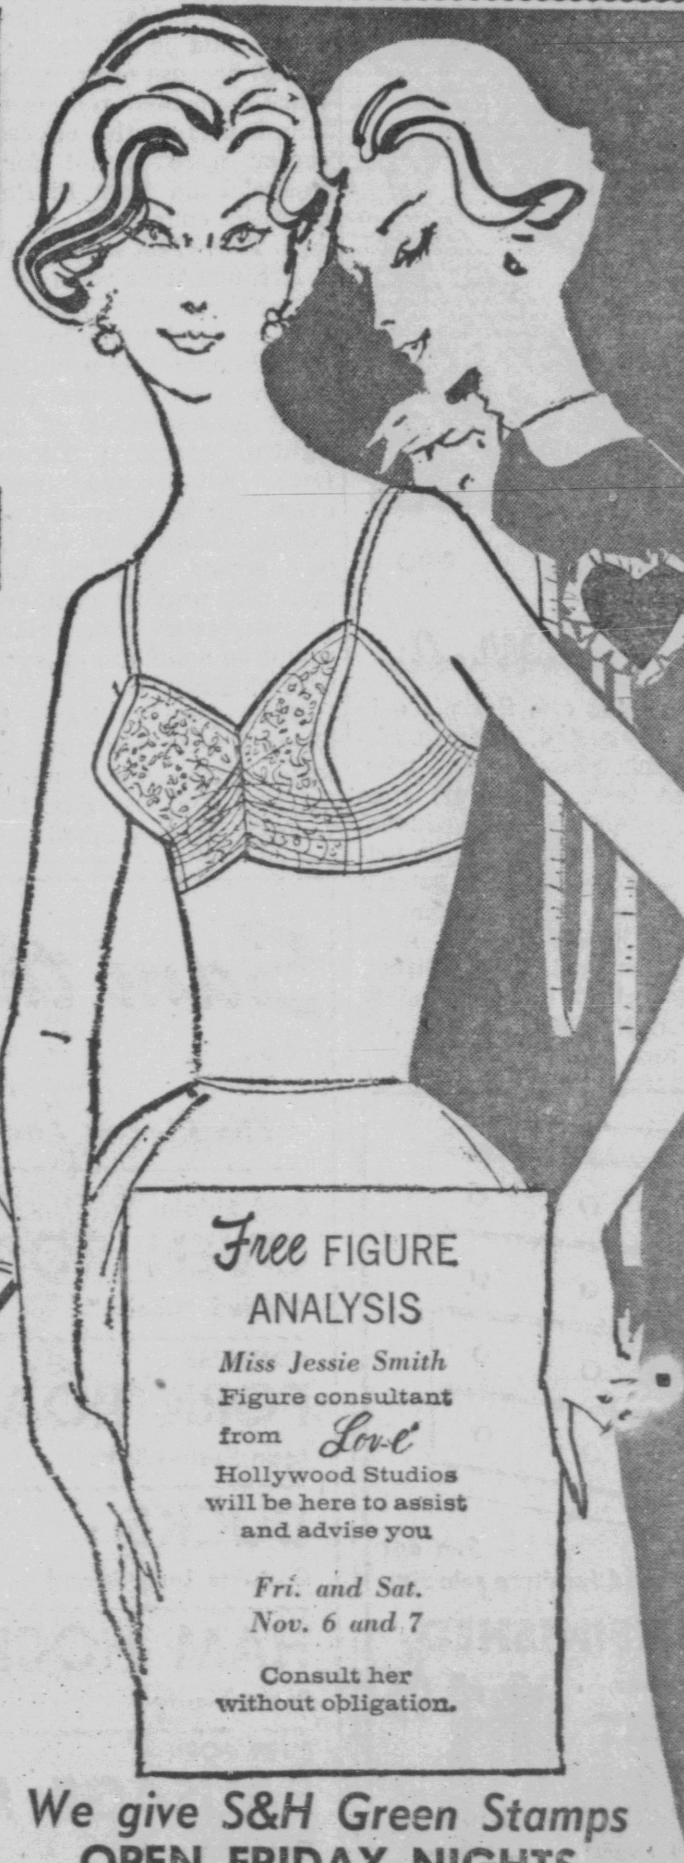

ALL DRESSED UP for the "Roaring Twenties" Rummage Sale to be held by the Larkspur-Corte Madera Cooperative Nursery School on Friday and Saturday at Hill Probert Motors in

Larkspur are, left to right, Rosemary Feeley, Nancy Jarvis, Gregory Feeley, Mrs. Robert Tobias and Robert Tobias. This is the first important project of the season for the school. (Independent-Journal photo)

THE PAINTINGS of Sausalito artists will be on display in each of the five homes on Wednesday when the Sausalito Nursery School holds its House Tour from 2 to 4 p.m. All of the houses are within the city limits of Sausalito. Tea will be served at the

Sausalito Woman's Club where several of the artists will be on hand. Admiring the paintings are, left to right, Madeleine Neuville, and Mesdames Richard A. Urbais and Jacques Neuville. (Independent-Journal photo)

Province Vice President Visits Marin Pi Beta Phi Alumnae Club

Pi Beta Phi alumnae of Marin County had a visit from their province vice president, Mrs. James M. Hamilton, recently. The day's activities began with a luncheon at the Meadow Club, where Mrs. Hamilton was entertained by the board members.

The Greenbrae home of Mrs. Dan J. Sweeney Jr., provided the setting for the meeting of the Alumnae club that night. The hostesses, Mesdames Francis Fogarty, N. John Anton, and Thomas R. Cowles added an unusual touch to the traditional

Cookie Shine, by serving Syllabub and thinly sliced pound cake. The president, Mrs. Charles R. Stuart, welcomed the new members: Mesdames Richard W. Fagerstrom, Richard E. Hammermaster, David M. Stewart and Gordon C. Wright.

SETTLEMENT SCHOOL
Mrs. Hamilton told of some of the recent accomplishments at the Pi Beta Phi Settlement School in Gatlinburg, Tenn., where the educational and health facilities for the mountain people are being expanded continually. The skilled craftsmanship of these people in weaving, wood-carving and ceramics is receiving international recognition, and the Summer School has become a popular spot for exchange students and United Nations visitors. In addition to their regular sale of Arrowcraft articles, the Marin Alumnae Club will finance the board and education of a high school student at the Gatlinburg school. Many of the children would be unable to attend school because of the great distance from their remote mountain homes to the educational center were it not for this financial aid from Pi Phis all over the country.

THEATER BENEFIT
Arrangements were completed for the theater benefit which will be held tomorrow night. The alumnae group is sponsoring the Cove Players' opening night presentations of the delightful comedy, "Tunnel of Love." All proceeds from the event will be given to the Girl Scouts, Camp Fire Girls, and Boy Scouts of Marin County and will provide camperships for youngsters who otherwise would be unable to enjoy camp next summer.

Many parties have been planned for tomorrow night, some before and some after the play. Mr. and Mrs. Dan J. Sweeney Jr. have asked a group

of their friends for a buffet supper before the comedy. In their party will be Admiral and Mrs. William Thayer, Dr. and Mrs. Arthur Duplisea, and Messrs. and Mesdames George Antipa, Arnold Childhouse, Niels Schultz Jr., Harding McPhun, Jack Ward, Andrew Pansini, Robert Quinlan and Ronald Lager.

Meeting at the Gordon Wright home in Sausalito for cocktails before going on to Tiburon will be the Mark Harringtons of Sausalito, the Fred Elwoods from Concord, the James Murrays of Tiburon, the Leroy Hershers and the James Hadfields (the last two couples from San Francisco.) The Hershers will soon be moving into their recently completed home in Kent Woodlands.

Mr. and Mrs. Henry Cole will host her parents, Dr. and Mrs. Mathew Hazeltine, along with Mr. and Mrs. Thomas Minto, W. W. Lauer, John Franklin, and John Elder.

AFTER THEATRE
An after-the-theater party is planned by the Boyd Quinns at their Greenbrae home. Attending will be Messrs. and Mesdames Wallace Curtis, Richard Curtis, Richard Huyck, Rolfe Croker, David Dewees, James Dawson, Ted Murray, Don Collins, Neil Fulton, and Jay Simon.

Mr. and Mrs. Roy D. Hanson (she is the president of the Berkeley Alumnae Club) will entertain two other East Bay couples at the performance. Joining them for dinner at the Alta Mira will be the Hugo Methmanns and the Edward F. Ryans.

Also entertaining will be Mrs. Marion Morrow Scott and Mr. and Mrs. John Anton.

Pi Phi Alumnae and their husbands are also looking forward to a Christmas supper party on Dec. 13 at the Mill Valley home of Mrs. Robert C. Morgan.

Council To Launch Pilot Study Group

The school education committee of the Mill Valley P.T.A. council will launch a pilot study group on "A Blueprint for Learning," with the first meeting set on Monday at 10 a.m. in the school district office, 26 Miller Avenue.

Resource material provided by the administration and board of trustees will deal with curriculum, discipline, promotion policy and school finance. P.T.A. unit chairmen for school education, program and legislation, and room representatives, as well as other interested persons have been invited to attend. Mrs. John Binckley is committee chairman, and Mrs. Salem Rice will be the discussion leader.

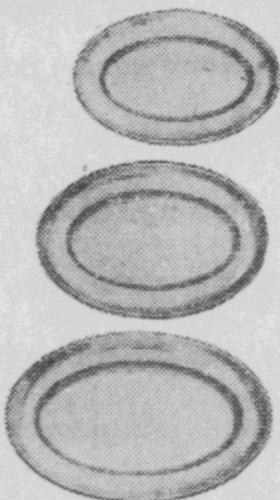

Holy Innocents Slates Bazaar For Nov. 18

"Santa's Store House" will open to the Christmas shoppers of Marin on Wednesday, Nov. 18, in the parish hall of Holy Innocents' Episcopal Church, Corte Madera.

Mrs. Tod W. Ewald is general chairman of this, the annual parish bazaar. In addition to many booths, a salad luncheon will be served. Mrs. Ronald Hand and Mrs. Arthur Duplisea, co-hostesses, will be assisted by Mesdames John Boyd, Melvin Howe, Mahlon Potter, Everett Sebrill, Mary Hand, Charles Kopf and Steven Monroe.

Churchwomen To Observe World Day

The United Church Women of Marin County will observe World Community Day tomorrow when they meet in the First Baptist Church in San Anselmo on Sir Francis Drake boulevard.

The meeting will begin at 10 a.m. with a business meeting and election of officers, conducted by Mrs. John Thomson, president.

The Rev. Donald H. Baldwin of the San Rafael Methodist Church who is a world traveler will speak on the topic "Full Partners for Peace."

Mrs. Dale Danley will be the organist. Special music will be furnished by a trio—Mrs. Jerard Traeger, Mrs. Gordon Chan and Mrs. Harold Allison.

A dramatization, "A Plea for Partnership," representing Women of the World, will be presented by Mesdames Don Leatherwood, MacPage, James Cole, I. A. Rummel and Edward Carson.

Mrs. Ervin C. Tipton will lead the meeting and has announced that besides an offering for overseas relief, there will be a collection of clothing for babies and tiny tots. New or used baby and tiny tot clothing will be appreciated, to be sent overseas for homeless children in camps and hospitals.

Packed House Honors Teams At 'Big Game' Focus Luncheon

Kick-off time was 1 p.m. on Tuesday for the fashionable "Big Game Hunt" at Rickey's popular Fashion Focus luncheon.

A packed house came to honor the winning teams, the Novato's Upsilon Gamma and San Rafael's Gamma Omicron Chapters of Beta Sigma Phi Sorority, and applause from the sidelines an outstanding array of fashions to score touchdowns from Big Game to holiday time.

Beta Sigma Phi began calling its signals 28 years ago when a group of 12 women met in Alibene, Kan., as a literary group. From that small beginning the Beta Sigma Phis have grown to 3,000 chapters and 130,000 members all over the world.

Their philanthropic "big game" nationally has been Girltown, USA in Texas and the cancer research projects such as the Cancer Research Foundation in Boston, both aided by the sorority's International Endowment Fund.

On a local level, the Beta Sigma Phis are rooters for the Grape Festival, United Cerebral Palsy, etc., and for 1959 have adopted Marin Aid to Retarded Children as their major interest.

"The Big Game Hunt" rewarded many lucky winners with Tuesday surprises, with all of the revenue earmarked for MARC and its vitally impor-

tant work in Marin with retarded children.

Fashions "Big Game Hunt" for:

"Campus Co-Ed," Mrs. Philip Fairlie enveloped in furry fox jacket, and slim tapers of green, gold and buff plaid plus a green slip-on sweater.

"Blue and Gold Brunch," the tailored touch to Caryle's coat dress of loganberry wool, accented with a pink silk scarf, smart black accessories, and Mrs. Glen Dunbar.

"Fraternity Lunch," Mrs. George Henderson Jr. arriving in 3-piece coordinates of beige, brown and gray plaid; the slim skirt and caramel silk blouse chaperoned by a Chanel jacket, gray felt slouch hat and bag.

"Rainy Day Rally," the perfect cover-up, Lawrence of London's nut brown silk raincoat for Mrs. Charles Barr to protect Ayone's bright plaid silk shirt-maker.

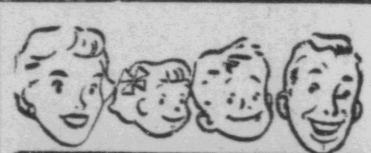

"Red and White Reunion," causing comment, Mrs. Chester Peckin in an Abe Schrader original; black and white tweed fitted jacket with removable fox collar plus a slim line, understated, black wool dress easy on the eye.

"Come for Cocktails," after the game, a black wool crepe, the choice of Mrs. Stuart Pur-

vis; long sleeves, deeply cut square neckline, and satin-trimmed waist bands, the dramatic touches.

"Black Tie Dinner," to go with it, choice of Mrs. Ardath Maddox and the magic of a black silk brocade coat with a fox collar accompanying a matching brocade dance dress; full skirt, fitted bodice and slim straps the eye catchers.

Fashion's "Golden Harvest" comes to Rickey's Fashion Focus luncheon next Tuesday, with the B'nai B'rith Women of Marin as the honored group and fashions by a Marin shop. Reservations may be made by calling Rickey's.

Exchange Pupil Tells Zonta Members Of Life In Greece

A trip to Greece in retrospect was enjoyed by the Zonta Club of Marin County at the recent luncheon meeting at the West End Villa. Jan Gilman, daughter of Zonta member, Mrs. John Carey Gilman, told of her two-month trip this summer as an American Field Service exchange student. Mrs. Margaret Hedden, vice president introduced the speaker, and Mrs. Courtland Benites, president presided at the business meeting.

Jan gave the history of the American Field Service, which started in World War I as an ambulance service in France, and participated in World War II with the same service. In 1947, it was re-activated for teen agers only, and nine students were brought to the United States to study. Later 50 students from the United States were sent to stay with the families of the original foreign students. This year 2,204 foreign students under this plan were in the U.S., and 1,500 from the United States were in 15 different countries. The selections were made from juniors in high school, and this year 38 went from the United States to Greece.

After Jan landed in Athens she went to stay with her first Greek family at Salonika, the second largest city in Greece. She showed colored slides which she had taken of the various Greek native costumes, also of the donkey cart, whose driver sold charcoal to the homes at 6 a.m., of the large white tower, the symbol of Salonika. Her "family" here was wealthy and owned two cars, their home had marble floors, and they had several servants.

The second family with

whom she stayed in Irakelon in Crete was middle class. Both families had girls of the same age as Jan, who were "her sisters." The speaker said that all the buildings in Crete are either white or pink and very dusty. The only good cars are autos imported by the government to be used for taxis. The old Venetian fort which once guarded the entrance to the port is now a museum.

Only the very rich have telephones, and visiting is done in the large parks. Everywhere in Crete, trays of raisins were drying, this being one of their principal agricultural products. Jan said that Greek pastries are delicious, but very rich and loaded with chocolate. She spent three days in Athens before returning home, visiting the tomb of the unknown soldier, the remnants of the temple of Zeus, and her pictures showed ruins of the 1948 communist uprising and bombing. At the Zonta meeting announcement was made of the wine tasting party to be given by the Charles Krug winery, which the Marin club will sponsor for its service fund, at the San Rafael Improvement Club, on Sunday afternoon, Nov. 15 from 3 to 5.

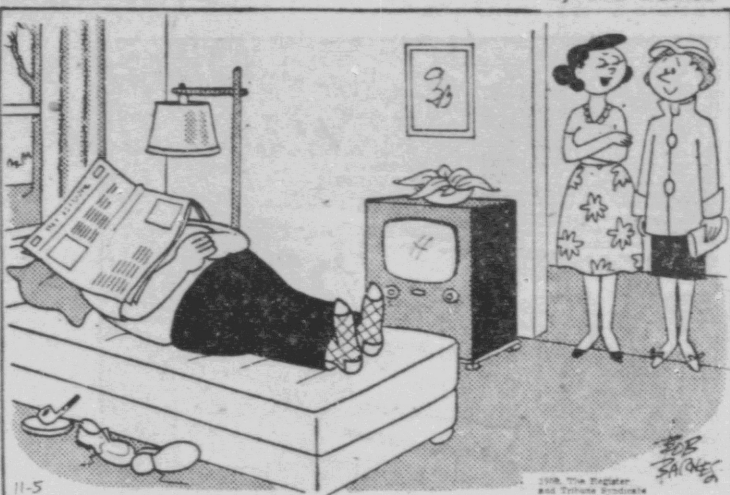

Mrs. Benites and Mrs. Hedden will represent the local club at the Fall Conference of District IX, Zonta International in Santa Barbara. There will be a post conference two weeks' trip to the Hawaiian Islands starting Nov. 25.

CHOW TIME—One of six little field mice that make their home in patio of residence of Mrs. Roz. Brown at 270 Cardinal road, Tamalpais Valley, emerges to

HOUSE IS OFF-LIMITS

Mice Live In Luxury In This Marin Patio

By MAYBELLE SPECKMAN

This is a tale not "of mice and men," but of mice and a woman—a woman who shudders at the thought of an untamed mouse in her immaculate home.

Yet for two years in the rock garden in the patio of Mrs. Roz Brown's Crest Marin home at 270 Cardinal road, Tamalpais Valley, a family of six wheat germ-candy-bacon-and-cheese fed field mice have lived in luxurious ease. They are sleek, fat and sassy and undisputed rulers of this domain.

On hearing Mrs. Brown's dinner call when she gets home from the beauty shop she operates in Almonte, they come flying out of their various holes for chow.

"They love attention and are heartbroken or sulk if they don't get it," she remarked. "This I found confirmed in a government pamphlet I read once about mice."

"I named the mother and father the Jumping Jacks, and as far as I can tell, they've paired off for keeps. There have been as many as nine mice at a time living there, but now there are only six. As soon as the little ones are old

enough, the parents drive them out. And they throw out cripples, too.

"There was the sad case of little Ratcliff Oscar Brown—they threw him out because he was not up to par for some reason, and I raised him in a bird cage, petting him with a camel's hair paint brush. He got to be such a member of the family that one of my friends knit him a little sweat-on tooth picks—with his initials on it."

Then there was Shorty. He got too bold in defending his food from the numerous blackbirds in the garden one day, and one of them bit off his tail.

The mouse family are real landlords, driving off any strangers who dare to trespass. Trained to stay away from their home are the Browns' other pets, two Boston bulldogs, Spookey and Mickey; a mallard duck, Donald, and Simon, a fuzzy yellow duckling Mrs. Brown recently picked up at a rummage sale.

And the cats in the neighborhood are about to have a nervous breakdown over the situation. Smelling that delicious mouse odor at night, they

nibble at candy dessert. The mice come out when Mrs. Brown calls them for dinner each evening. But otherwise they're shy and keep hidden.

(Independent-Journal photo by Jim Keen)

sit with twitching whiskers in the patio ready to pounce—but it's all in vain, for Mr. and Mrs. Mouse and their children retire promptly at 7 p.m., having no need to forage for food.

How did this strange situation come about? Well, it's a sequel to another mouse story.

Once before the Browns had a mouse pet which they kept in a box in the house. Louis Brown, a Greyhound bus driver, was particularly fond of it, and they named it Louis Jr. But when it was old enough, it was put outside to live.

Unfortunately, it froze to death, and the Browns were inconsolable, a fact which became known throughout the neighborhood.

One day they were amazed to receive an engraved card stating that Mrs. (she must remain anonymous) had donated a sum of money to a famous boys' center "in memoriam of Louis Brown Jr."

"And do you know," Mrs. Brown said, "the people at that center haven't the faintest idea to this day that Louis Jr. was a mouse."

Mrs. Brown was thinking of the departed Louis Jr. one day when she was relaxing in her patio. She saw little mouse ears popping up from various spots in the rock garden. Soon she began feeding their owners, and from that it was an easy step to taming them.

But oh no—being a woman, Mrs. Brown still won't touch any of them.

Anti-Defamation League Activities To Be Explained

Activities of the B'nai B'rith Anti-Defamation League will be explained at a public meeting of Marin Lodge 1327, B'nai B'rith, at 8:30 o'clock tonight at the Marin Jewish Community Center in San Rafael.

Principal speakers were announced by Philip Ruby, president, as Raymond H. Schone, Marin County Anti-Defamation League chairman, and Stanley Jacobs, district director of the league.

A question period will follow the speeches, and refreshments will be served after the program.

Aid To Retarded To Hear Lawyer

How parental guidance can be continued after death will be discussed by Alvin H. Pelavin, San Francisco attorney, when he addresses members of the Marin Aid to Retarded Children at 8 p.m. Monday in the E Street School, San Rafael.

He will give a lawyer's answers to the question "What will become of my retarded child after I'm gone?"

Interested non-members may attend, and questions from the audience will be answered, according to Mrs. Marvin Good, Novato, president.

Council Action On Hilarita Sewage Decried

"We're in a desperate situation now," Bert Klahn, executive director of the Marin County Housing Authority, declared today in reference to decision by the Belvedere City Council Monday night that Hilarita housing project would have to find another means of sewage disposal by Dec. 1.

The housing authority has had an agreement whereby sewage from the project is pumped into the Belvedere system. Klahn had hoped the city council would approve a plan of his which would mean installation of a new \$5,000 line to the Belvedere system, and discontinuance of the Hilarita automatic laundry.

PUMPED INTO BAY

The sewage is pumped by Belvedere into the bay, untreated.

"We've got 120 families there and we have to do something for them," declared Klahn. "They (Belvedere) just can't put a plug in our line on Dec. 1 and let it go at that. Neither can we give those families eviction notices."

Prior to tying into the Belvedere system, the project used a septic tank, since condemned by the Marin County Health Department. Klahn said that to use that system again, permission would have to be granted by the health authorities, and he does not see that in the offing.

FLOW INTO BAY

Also, he said, that would mean the overflow would go into Richardson Bay. He noted this is being done in nearby areas by small private subdivisions.

The Tiburon Sanitary District, he said, has told the authority its plant cannot take on the extra load. Cost of a sewage system for Hilarita alone has proved prohibitive.

"I don't want to give the impression that the Tiburon district and Belvedere haven't been cooperative, because they have. They just can't serve us," Klahn said.

Klahn noted the Belvedere city attorney said the authority might bring suit against Belvedere if the city shuts off the sewage outflow.

"The authority would be reluctant to do this," Klahn said, "but it might be our only way out."

Ends Recruit Training

Donald L. Boyce, son of Mr. and Mrs. H. C. Boyce of 405 Adrian way, San Rafael has been graduated from recruit training at the San Diego Naval Training Center.

OIL SALESMAN — Howard P. Hetzner of 99 Fawn drive, Sleepy Hollow, has been appointed assistant regional manager of wholesale sales for Standard Oil Co. of California in Phoenix, Ariz. He was manager of the company's marketing research division in San Francisco.

Corte Madera Halloween Winners Told

The names of children awarded prizes for best costumes in the Saturday night Halloween parade at Corte Madera Shopping Center were announced today, as follows:

Bruce Miller, 10, of 22 Corte Madera avenue, Corte Madera, boy's bicycle; Cassie Fraser, 12, of 602 Chapman drive, Corte Madera, girl's bicycle; Mary Catherine Kitzmiller, 5, of 21 Stevens place, San Rafael, doll buggy and doll; Christine Cooper, 2, of 142 Willow avenue, Corte Madera, tricycle, and Christine Schaw, 2, of 41 Ash avenue, Corte Madera, stuffed animal.

Prizes were donated by the merchants of the Corte Madera Center. Each of the approximately 400 youngsters who participated in the parade was given a free Halloween treat.

Church School To Hold Open House

Open house ceremonies will be held from 3 to 5 p.m. Sunday at the new Blessed Sacrament Catholic School at 160 San Pedro road, Santa Venetia, adjacent to the church.

The four-classroom school building, in which first, second and third grades are being taught, was occupied in September.

Rev. John Prindeville, pastor of Blessed Sacrament, and Sister Mary Judith, principal of the school, will be present at the open house, to be led off by a folk-dance exhibition by the pupils in the school hall.

Refreshments will be served by members of the Blessed Sacrament Women's Guild.

NMWD To Tally Bills By Automatic Computer

The North Marin Water District will become the second "small" water district in Northern California to employ automatic computers for customer billing.

Directors have authorized contracting with Service Bureau Corp. of San Francisco, a subsidiary of International Business Machines, at an initial cost to the district of \$2,400 plus a charge of 10 cents per billing.

The district now bills 4,700 consumers, reported manager Jerome B. Gilbert. With every additional 1,000 consumers billed, the service cost to the district will be reduced by one-half per cent per billing.

The only other small water district in Northern California using the automatic system is that in Pacifica, said Gilbert.

Directors, meeting Tuesday night, accepted the resignation of San Rafael attorney Harold Reide as legal counsel for the district, and appointed Frederick Bold of the Richmond legal firm of Carlson, Collins and Bold as successor.

Reide listed the press of other business as his reason for resigning.

Directors also: 1. Agreed to meet at 7:30 p.m. Nov. 17 at the Sonoma County Board of Supervisors' chambers in Santa Rosa with members of that board and

with City of Petaluma officials to discuss costs involved in a proposed extension of an aqueduct to bring Russian River water to Novato.

2. Deferred action on a proposed general insurance policy for the district until further study is made of offers by various insurance companies.

Conference On Problems Of Aging Set

SACRAMENTO (AP)—Gov. Edmund G. Brown today announced plans for a citizens statewide conference on aging Oct. 3-4, 1960.

The meeting is among many planned throughout the country as prelude to the White House conference on aging in January, 1961.

Brown said California delegates will consider effective ways to meet the needs of older persons for useful employment, income security, mental and physical health, spiritual guidance, housing, education and recreation.

The governor noted there are now one and a quarter million Californians over age 65 and the number is growing by 40,000 a year.

SERVING ALL OF MARIN COUNTY

THE PARENTS' CORNER

By RICHARD BARBOUR, Ph. D.
Guidance Counsellor

Latest Item For Baby's Comfort: Cradles That Are Electric-Powered

You can buy electric cradles now. Fiberglass, high gloss, adjustable electric-powered cradles. This is progress?

Our parents were raised in cradles that rocked. But we weren't, because doctors were death on the things. Cradles were supposed to keep our bones, nerves and muscles from developing properly. So cradles were discarded everywhere.

But doctors have been taking another look. They've decided cradles are all right after all. Some recommend them, others don't. Few modern doctors say properly-used cradles will hurt babies.

Manufacturers are on their toes. It was no trick at all to invent electric-powered cradles. The only catch is the price. The ones I saw were expensive.

I don't know about electric cradles, but I am sure our babies should be kept comfortable. They are born helpless and frightened. They live through many changes in a short time.

Does your baby cry a lot?

ALMANAC

Today is Thursday, Nov. 5, the 309th day of the year, with 56 more days in 1959.

The moon is approach its first quarter.

The morning star is Venus. The evening stars are Mercury and Saturn.

On this date in history: In 1605, Guy Fawkes was arrested in London as he prepared to blow up the House of Lords in what is known as the Gunpowder Plot.

In 1855, the American labor leader and Socialist Eugene V. Debs was born.

In 1862, President Lincoln relieved Gen. George B. McClellan and placed the Union forces under Gen. Ambrose Burnside.

In 1911, Calbraith Rogers completed the first trans-continental flight, landing at Pasadena 49 days after he set out from Brooklyn, N. Y. Rogers' actual air time was 84 hours and two minutes.

In 1929, the British House of Commons approved resumption of diplomatic relations with Russia.

In 1940, Franklin D. Roosevelt became the first man to be elected to the presidency

SMELL-O-VISION!

These Producers Deliberately Aiming At Movies With Aroma

NEW YORK (UPI)—The "battle of the smelling pictures"—a race between two movie producers with different systems of assaulting the national nostril—has rounded the last turn and headed into what some misanthropes might call the home stretch.

First we had the silent movies. Then the talkies (Garbo talks). Come December, the smellies will be here (Monroe wafts?). The aromas, like the sounds, are cued to the action. Theaters will be ripe in sound, fury and whiffery.

Walter Reade Jr., son of a theater pioneer, on Dec. 2 opens at the Mayfair Theater in New York a movie doused in a scent process called Aromarama.

Reade thus has made reality of the rumor that he was out to beat Todd into the film fragrance field. He seems to have done it, if only by 20 days. However, Reade's smell system is superimposed on a previously made movie—a semi-doc-

umentary about China called "Behind the Great Wall" that won two grand prizes at Brussels last year.

Todd's smell system is the center of his plot. As the Great Mosque of St. Sofia is said by architects to be built on light, so is Todd's film built on scent. Written specially for odor, and filmed completely on location in Spain, it's about a young British tourist to that country who "turns detective when he scents a murder plot."

Mike Todd Jr., son of the late show-business mogul, on Dec. 22 opens at the Cinestage Theater in Chicago a movie exhaling a process dubbed, by his press agent, "glorious Smell-O-Vision!" Todd has trade-marked the term Smell-O-Vision!, including the exclamation point.

BUILDER'S
OWN HOME

ALMOST NEW—\$39,500

When the builder and his wife decided where they wanted to live permanently, he took from all the many quality homes he had previously built in Marin the finest design features from each and combined them into this beauty! But, as builders often do, he now wants to build another right next door. On a half-acre plus, usable as a three or a four bedroom home, this value cannot be matched! Complete electric kitchen, all tile baths, separate utility room, large living room with vaulted ceiling and a window wall framing an unmatched view. All concrete walks and patio work and drainage lines have been completed. By appointment.

Flower Fete Includes Bonsai Tree Display

An exhibit of dwarf trees by members of the Marin Bonsai Club will be one of the new features of this year's fall flower festival scheduled for noon to 6 p.m. Saturday and Sunday at the Francis Young Gallery of the Garden Center in Ross.

A chrysanthemum panel, showing living examples of the different types, will be another new feature, according to designer-director William L. Kapanos.

Gardening-in-action also is scheduled, with assistant director Robert L. Whiteley and a crew of helpers demonstrating

TERRA LINDA PLAYERS REHEARSE

Virginia O'Brien (second from left), casts a suspicious glance at Warren Hamilton (left), portraying a doctor in a scene from "The Curious Savage," to be presented by the Terra Linda Little Theater in a repeat performance at 8:30 p.m. Saturday in San

Rafael High School. The proceeds will benefit the high school exchange student program of the American Field Service. Others in the scene here are Natalie Hodgson (standing) William Sievers and Hortense Shirley. (Independent-Journal photo)

Alcoholics Anonymous, Sir Francis Drake Group, 8:30 p.m., St Columba's Church, Inverness.
Bolinas Public Utility District board, 8 p.m., Country Store.

Airman Runs Light, Accident Results

While "looking for a place to eat" as he later told the California Highway Patrol, Ralph Howard Cramer, 46, of McClellan Air Force Base, failed to note that a signal light had changed to red on Highway 101 at Grant avenue in Novato Tuesday night.

Another car driven by Mrs. Patricia A. Powers, 20, of 320 Deer Island, Novato, started across on the green light and was struck broadside. Mrs. Powers, her 2-year-old son, Franklin, and a 4-year-old niece, Susie Valim, were taken to San Rafael General Hospital by ambulance and treated for minor bruises, then released.

A citation was issued to Cramer for crossing against a signal.

Meeting Slated On Hearing Handicaps

STOCKTON (AP)—Some 400 parents and educators will meet in Stockton Saturday to discuss organization of a statewide association to aid deaf children.

Dr. Francis W. Doyle, deputy state superintendent of education, will address the meeting, the second annual Northern California Conference of Parents of Deaf and Hard-of-Hearing Children.

A panel of educators will discuss the teacher shortage in this specialized field and what schools and parents can do about it.

Congregation Speeds Work On Addition

Volunteer workers among the members of the First Baptist Church of Mill Valley planned today to work overtime tonight in a hurry-up effort to ready a \$25,000 church addition for opening tomorrow night.

Scheduled at 8 p.m. tomorrow in the addition to the church at 285 Miller avenue is a concert by the Men's Chorus of Melrose Baptist Church in Oakland.

'A WAY TO GO'

"We have quite a way to go, but we think we'll have it ready," Rev. Carl B. Jones, Mill Valley pastor, declared today.

The volunteers are augmenting the working crew of Harold and Louis Spangler of Sonoma, contractors for the addition. Harold Spangler formerly attended the church when a Mill Valley resident.

FELLOWSHIP HOUR

Refreshments and a fellowship hour to show off the new building wing will follow the concert tomorrow night, Rev. Jones said.

Folding chairs will be used in the new room, which opens into the main sanctuary in the older portion of the church to provide combined seating capacity of about 300. The room will be the "Fellowship Room," for Sunday school assemblies and special events.

The building project was started July 1, with Clark Holmes heading the committee in charge.

To License Contractor

SACRAMENTO (CNS)—The Contractors' State License Board announced it plans to issue a general building contractor's license to Walter I. Goldblatt, 620 Rosal way, San Rafael, if no protest is received by Nov. 18.

CHURCH ADDITION SPEEDED—Although littered with tools and equipment when this picture was taken, new addition to First Baptist Church of Mill

Valley is scheduled to open with a concert tomorrow night. Workmen in Independent-Journal photo are Harold and Louis Spangler, contractors.

San Rafael Home Owner Gyp Victim

Two men, who posed as termite exterminators on Monday and took \$284 from a San Rafael homeowner for an hour's spraying job, have probably left the area, Police Chief Charles J. Chiesa reported today.

Inspector Nick Giampoli said the two may be the same pair who came through town about six years ago posing as roofers. J. T. Urban, who operates a termite control business on Fourth street, explained that legitimate operators must issue a written report before they

start any extermination job. Under state law, the termite control operator must give a detailed report on the description of the building, type of infestation found, and recommendations for prevention and work to be done.

WHY SETTLE FOR LESS?

Only Westinghouse makes
the Combination Washer-Dryer that's
100% PROVED!

PROVED Cleaner Washing with famous Revolving Agitator that washes cleaner, rinses better, even cleans itself! This is the only washing system tested and proved through years of customer use.

BE SURE you don't buy a combination that has a washing action only recently developed by the manufacturer.

PROVED Faster Drying with direct air flow. This is the only drying system that never over-dries, never under-dries... shuts off automatically when clothes are exactly right.

BE SURE the combination you buy blows fresh warm air directly onto tumbling clothes, not through holes or perforations.

PROVED Dependable Operation with just one setting. First it washes, then it dries in one continuous operation. You don't touch the machine or the clothes again till you take them out clean and dry.

BE SURE the design of the combination you buy has been thoroughly tested and proved dependable. Come in and see the ultimate in laundry equipment today. One great machine that washes and dries your clothes while you go your way.

YOU CAN BE SURE... IF IT'S Westinghouse
